GLENDALE—
The CITY of HOMES

VOL. XV GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., FRIDAY, AUGUST 27, 1920 304

GLENDALE'S 1920 CENSUS, 13,536

INCREASE IN TEN YEARS 393 PER CENT

PERMITS INCREASE

COMPARISON OF CERTAIN MONTHS IN 1914, 1915, 1916 AND 1920

A comparison of Glendale building permits of years gone by with those of 1920 is quite instructive. In December, 1915, the total was $15,530, which was a slight advance over the previous December. Last December the total was $105,200. January, 1915, showed twenty-eight permits for $39,960 and the same month in 1916 showed twenty-one permits for $14,550. February, 1915, showed $9110, the same month in 1916 was $19,115, and in 1920 was $144,715. July, 1914, gave what was then considered the amazing total of $54,475, but the same month in 1915 showed only $15,360, and in 1916 it was $16,320. July this year the total was $302,970. August has already far outstripped that sum, the valuation now being in excess of $450,000. The monthly total will show close to half a million dollars' worth of building permits.

CITY'S ALTITUDES

LOWEST POINT 440 FEET ABOVE SEA LEVEL, HIGHEST 1150 FEET

Many people are coming to Glendale from Los Angeles, especially the south and southwest sections of the big city because of the higher altitude. That all the readers of The Evening News may know just how high up they live, the following table of elevations, kindly furnished by City Engineer Hill, is published:

	Feet.
Brand and Broadway	540
Brand and Dryden, N. W. cor.	570
Brand and San Fernando Road	440
Brand and Mountain	600
Broadway and Glendale Ave.	565
Broadway and Eagle Rock Rd.	617
Broadway and San Fernando Rd.	470
City Hall	560
Canada Blvd., north end	960
North city limits and Verdugo Road	1150
Grand View Ave. and Kenneth Road	610
Grand View Ave. and Mountain street	785
Piedmont Park	620

TRUSTEES' MEETING

BOARD TRANSACTS THE USUAL AMOUNT OF BUSINESS AT REGULAR SESSION

The Board assembled at 8:05 p. m. August 26, 1920, Trustees Mrs. Bartlett, Henry, Robinson, Shaw and Stephenson being present.

The minutes of the regular meeting of August 19, 1920, were read and approved.

An employe of the Southern Pacific Railway Company in Glendale appeared before the board requesting a permit to carry a revolver; referred to the City Marshal.

The matter of protests in reference to Resolutions No. 1112, 1113, and 1114, referring to lot cleaning came up at this time and the clerk reported that no protests had been received and the cleaning of lots referred to in these resolutions was ordered to be proceeded with.

An application was read from the Glendale Carpet and Mattress Works asking permission to remove its establishment from 1110 South San Fernando Road to 1111 South San Fernando Road. On motion of Trustee Henry the permit was granted.

A communication was read from Kenneth Whaley, requesting the extension of his permit to hunt within the city limits and on motion of Trustee Henry the same was denied.

A communication was read from Miles Gregory, recommending that the name of Brand Boulevard be changed to Glendale Boufevard, to conform with the name given to the extension of this thoroughfare into the city of Los Angeles. On motion referred to the committee of the whole.

Applications were presented from John W. Railsback and from E. A. Laurence for permits to conduct au-

(Continued on Page 16)

25 TONS PAPER

GLENDALE EVENING NEWS RECEIVES CARLOAD OF PAPER AT COST OF $4300

There was unloaded from a freight car on the S. P. tracks, Glendale, yesterday, a carload of news print paper for The Evening News. The weight was 50,463 pounds, twenty-five tons, at a cost of $4,289.36, plus the freight charges, $320.95. This paper was ordered last May at an 8½-cent price, and now a similar order would cost 12.6 cents per pound, or a total of about $6300, plus the freight. However paper market conditions are such at the present that it would be impossible to get a carload contract from the mills at any price.

Harry Chase Home

Harry W. Chase has returned to Glendale after enjoying a four weeks' outing in the mountains at Potrero. He declares that while the month's rest was delightful, he was glad to get home. Mrs. Chase and daughter, Margaret, who have been spending the past month in Louisiana and Illinois, visiting relatives, are expected to arrive home Saturday. They will be accompanied by Mr. and Mrs. R. J. Williams of Chicago, who will visit at the Chase home. Mrs. Williams is a sister of Mrs. Chase. Harry's father, Simon A. Chase, and his brother, Frank, who are living on a ranch at Potrero, are quite prosperous and enjoy country life.

Blanche May Scoles

Blanche May Scoles, aged thirty-three years, passed away at Eureka, Calif., August 23. She leaves to mourn her, a husband, Dr. H. E. Scoles, a father and mother, Mr. and Mrs. L. H. Walker, and one brother, Charles B. Walker, of 120 South Everett street. Funeral services will be held from the parlors of the Jewel City Undertaking Company, Saturday afternoon at 2 o'clock. Interment in Forest Lawn Cemetery.

Tent, Camp and Post

Some readers of The Evening News have expressed surprise that members of N. P. Banks Post and Camp should be reported as having attended meetings of Mary Jane Gillette Tent, Daughters of Veterans. The explanation is that G. A. R. Posts, Sons of Veterans Camps and Daughters of Veterans Tents are all affiliated orders and thus exchange visits with one another, a privilege no other orders can have. Hence members of N. P. Banks Post and Camp attended the meeting of Mary Jane Gillette Tent in Hurtt's Hall last Tuesday night.

HARRY P. COKER

CANDIDATE FOR SUPERVISOR FIFTH DISTRICT; SUCCESSFUL BUSINESS MAN

Harry P. Coker, candidate for Supervisor of the Fifth district, is well known all over this district, having lived here for the past fifteen years. He is the president and manager of a large manufacturing industry, organized and operated by him on a co-operative basis, wherein every worker is a participant in the benefits and profits. Mr. Coker was in newspaper work in Los Angeles for a number of years, coming to Glendale and engaging in the grain business, which proved an unqualified success.

A self-made successful business man in private life is a very good recommendation for ability to efficiently serve the people in public affairs.

Mr. Coker was a member of Glendale's City Council for four years, and chairman of that body's finance committee and is known to be honest, capable and well balanced and, taking into consideration his long residence and large acquaintance in Glendale no one knows better the needs of this great San Fernando Valley than he. His election to the office of Supervisor of the Fifth district would unquestionably be of great benefit to Glendale.

GLENDALE'S POPULATION IN 1910 WAS 2742

OFFICIAL CENSUS FIGURES RECEIVED THIS MORNING SHOW GLENDALE LEADS ALL CITIES IN LOS ANGELES COUNTY IN GROWTH

The table below gives the population of various cities of Southern California in the close vicinity of Glendale, and also of our own city, according to census figures of 1910 and 1920, and the per cent of increase:

City—	1910	1920	% Inc.
Glendale	**2,742**	**13,536**	**393.**
Glendora	900	2,025	125.3
Huntington Park	1,302	4,513	246.7
Long Beach	17,809	55,593	212.2
Los Angeles	319,198	575,480	80.3
Monrovia	3,576	5,480	53.2
Ontario	4,274	7,280	70.
Pasadena	30,291	45,334	49.7
Pomona	10,207	13,505	32.3
Redlands	10,449	9,571	*8.4
Riverside	15,212	19,341	27.2
San Bernardino	12,779	18,721	46.5
Santa Ana	8,429	15,485	83.7
Santa Monica	7,847	15,252	96.4
Sierra Madre	1,303	2,026	56.5
Venice	3,119	10,385	246.7
Watts	1,922	4,529	135.7
Whittier	4,549	7,987	75.8

*—Decrease.

It will be noted that Glendale's per cent of increase is greater than that of any other city in this section of the state.

Los Angeles county has 936,438 population, an increase of 432,307 or 85 per cent.

TRACTOR SHOW IN GLENDALE SURE

The Southern California Tractor Association informs the Evening News as we go to press today that the National Tractor Show will be held in Verdugo Woodlands, Glendale, September 20 to 26, without fail and nothing less than destructive earthquakes could drive the Association away from that fine location—not even neighborhood gossip.

MAY RELEASE MAC SWINEY

AS DEATH APPROACHES OFFICIAL OBJECTION TO HIS RELEASE IS WITHDRAWN

(Special Service to Glendale Evening News)

LONDON, Aug. 27.—A cordon of troops was thrown about Brixton prison today after the discovery that demonstrators demanding the release of Lord Mayor MacSwiney were armed with revolvers and bombs. Official objection to the release of MacSwiney appeared to be slowly disintegrating today with the approaching death of the prisoner. It was now believed the government will order his release on the pretext that he is suffering from tuberculosis. MacSwiney's recovery was considered doubtful even if he is now released.

LUCERNE, Switzerland, Aug. 27.—Swiss police took extra precaution to guard Premier Lloyd George today, following the reported departure from Ireland of Sinn Feiners who planned to assassinate him. Lloyd George appeared unperturbed by the reports.

RED ARMIES STARVING

BOLSHEVIKI TROOPS WITH FAMILIES FIGHT FOR FOOD IN EAST PRUSSIAN SOUP KITCHENS

(Special Service to Glendale Evening News)

BERLIN, Aug. 27.—Famine and desolation is following the panic-stricken flight into East Prussia of Bolshevik troops who crossed the frontier by the thousands to escape capture by the Poles. Many soldiers brought their wives and children, saying they had been forced to do so to evade starvation.

German officials have established "soup kitchens" where men, women and children are "fighting like pigs before a trough," according to one correspondent in East Prussia.

WARSAW, Aug. 27.—The Polish military victory has not changed her peace terms, according to Premier Witos. Durable peace based on honorable and just conditions is Poland's demand, he said.

MOSCOW, Aug. 27.—The Bolshevik communique today announced the Reds had launched a fierce counter-offensive designed to recapture Brest-Litovsk.

HARROWERS' TOUR

DOCTOR DESCRIBES SCENIC TRIP THROUGH CANADIAN NORTHWEST

Vancouver, B. C., Aug. 21.

Dear Mr. Cowan—The receipt of a bundle of copies of The News brings us so much pleasure that I am prompted to write you a few lines about our trip.

We drove north via the coast route to Redding and left our car, taking the train to Portland. We were there for several days during which I found, furnished and settled a new office for the laboratory in the Pittock Block. We found Claude Snyder and wife who are to settle in Portland to take care of our interests in this territory. I hired a Dodge for a day and with the family and the Snyders we had a 100-mile ride on the famous Columbia River Highway and were charmed by its beauty, the great river and the wonderful waterfalls. Despite the haze the view was inspiring and we found cars from many states filled with camping and tourist parties. On the way home I was watching the clock more than the speedometer and was "pinched" for speeding. The officer called it thirty-six miles and I thought it was forty. I was let off because I was from California, where the thirty-mile limit on open roads recently was raised to thirty-five miles. I was glad of such a good excuse.

We left next morning for Victoria by train and boat, and enjoyed the English atmosphere and scenery. Victoria is said to be "the most English spot in America," and I can quite believe it. It seemed strange to find the traffic keeping to the left though I found later that in the provincial parts of British Columbia, and in Alberta, they now follow the American plan! They speak amusingly of this by saying "when you're left you're right, but when you're right you're wrong."

(Continued on Page 9)

HOME FROM CHINA

MISS FRANCES BATTEY, FOUR YEARS A MISSIONARY, HERE TO SEE BROTHER

Miss Frances Battey, sister of Clarence E. Battey of 430 West Elk avenue, arrived in Glendale, recently, from China, where she spent the past four years, working in the interests of the Woman's Foreign Missionary Society of the Methodist Church. Miss Battey taught school and worked in several hospitals in the Orient. At Nanking, China, she was superintendent of a small hospital, and had complete charge of all patients and hospital affairs. Her assistants were mostly Chinese. She states that Chinese officials are very cordial to missionary workers, and co-operate with them in every way.

There are a large number of American business men at Shanghai and other Chinese cities, and there is much entertaining for foreign visitors. The Fourth of July and Thanksgiving are celebrated in true United States style, and it seems that the Americans who are temporary exiles from their native country avail themselves of every opportunity to "keep the home fires burning."

Prior to her stay in China, Miss Battey spent several months nursing at an American Red Cross hospital at Omsk, Siberia. Here hundreds of Russian soldiers, wounded by the Bolsheviks, were cared for tenderly by American, French and English physicians and nurses. A great many of the patients suffered from frozen feet and fingers, amputation being necessary in most cases.

Miss Battey sailed from Shanghai July 31, on the Empress of Asia. It was necessary for her to book passage five months ahead of time. At one time during the voyage, when just off the coast of Japan, the steamer was caught in the edge of a typhoon, and forced to remain out of the port of Shmitsu five hours. At that place 1000 tons of tea were taken aboard. Miss Battey states that California looks very wonderful and homelike to her after her years of residence in the Orient.

WHITE'S CANDIDACY

R. L. M'COURT SAYS VOTE FOR WHITE IS VOTE FOR BETTER STATE

Glendale Evening News, Glendale, Calif.,

My Dear Mr. Cowan—I regret that owing to absence from my home in Glendale I have been unable to do any personal work for the candidate of the Sixty-first Assembly district, and knowing John Robert White intimately, I will feel it a privilege if you will permit the printing of this letter so that the good and thinking people of this district may have their attention called to the exceptional and rare qualities of our Representative, John Robert White.

It is indeed a pleasure to recall our daily trips together to our places of business, and in these journeys we have discussed probably every measure which came before the last session of the Legislature, and while my views in many instances were in direct opposition to John Robert White's, his right of opinion he fearlessly and zealously defended and impressed me that his good work in the Legislature was guided by the dictates of his conscience, a rare qualification in a California legislator.

It is impossible to please all of the people all of the time; but let me emphasize one thing as a fact: When an honest, tried and able man is induced to place his candidacy up to the voters, it is the solemn duty of every voter, man or woman, to elect that honest, tried and able man. The fact that he is neither politician nor lawyer again emphasizes the new order of things, and places in our lawmaking body a practical man with both college and business training; capable of framing laws which govern the state rights of his constituents.

A vote for John Robert White is a vote for a better state.

Thanking you for this courtesy, I am,

Yours very truly,
R. L. M'COURT,
336 N. Central Ave., Glendale, Cal.

Move to Glendale

James Rinehart of Hollywood, who recently bought the five acres on Sixth street, just west of A. B. Clement's orange grove at 1321 North Pacific avenue, moved his family out yesterday and they are living very comfortably for the present in the commodious barn that has been erected. Mr. Rinehart has had water piped across Mr. Clements' acreage to his own tract and his put up a big tank for water storage. He expects to build a fine home and improve the grounds in the near future.

LARKINS' RETURN

AFTER SIX WEEKS IN NEW YORK GLAD TO BE BACK IN GLENDALE HOME

Mr. and Mrs. George Larkin of 1417 South Brand Boulevard, arrived at home Thursday night from New York City, where they had been for six weeks. While there Mr. Larkin disposed of a feature picture called "The Unfortunate Sex," very successfully and artistically arranged for future productions.

He was elected vice president and general manager of the Frances Edmonde Productions Co., Inc., and will co-star with Miss Edmonde in a second picture, "Mysterious Goods," from the novel by Jeanne Poe. The company also secured the right to produce in pictures two of Harold McGrath's novels. All the work will be done in Glendale and vicinity, as Mr. and Mrs. Larkin are determined to do no more in the East. They love their recently purchased Glendale home and have made plans to improve it greatly, building an aviary and adding other features.

Mrs. William Hutchinson of 626 Myrtle, has received word from her son, Arthur W. Hutchinson, that he has passed the examination for a certified public accountant. Mr. Hutchinson is at present in Boston, but his Glendale friends hope that his work will eventually bring him nearer the western coast.

Republican Candidate

FOR ASSEMBLY

61st District

JOHN ROBERT WHITE

Primary Election
TUESDAY, AUGUST 31
Polls open 6 a. m. until 7 p. m.

ENDORSED BY

Business Men
Business Women
Club Women
Teachers
Service Men
School Officers
Ranchers
Lawyers
Doctors
Clergymen
Bankers
Working Men
Citrus Growers

John Robert White was active in all Red Cross, Liberty Bond and other War Drives. He stands for constructive, economical and businesslike administration. He is interested in City, County and State movements of an uplifting and beneficial nature. He is thoroughly familiar with important measures to come before the next Legislature such as "Redistricting the State" and "Reduction of State Commissions." His business and legislative experience amply qualify him for this important State office.

JOHN ROBERT WHITE made good in the last Legislature and was an active and efficient member of these important Legislative Committees—

Ways and Means
Banking
Labor and Capital
Oil Industries
Education.

DO NOT FORGET THE NAME

JOHN ROBERT WHITE

Put a Cross opposite his name on the Republican Ballot if you want a good, clean, efficient and tried representative for your Assembly District. If you are registered otherwise you can vote for Mr. White by writing his name on your Ballot.

Endorsed by the Association for the Betterment of Public Service.

TRIP TO ALASKA

THOMAS G. WIDMEYRE AND WIFE GONE FOUR WEEKS; TRAVEL 5500 MILES

That portion of the United States lying close to the Arctic Circle is not generally regarded as a goal for a pleasure trip, but Thomas G. Widmeyre and wife of 503 North Kenwood, declare that no jaunt to National parks, the mountains or the sea shore could compare for a moment in unalloyed pleasure with their journey of four weeks to points in Alaska. They left San Pedro August 7, on the "Admiral Schley," for Seattle. There they were transferred to the "Spokane" and began the wonderful trip up the coast. Contrary to their expectations it was not an ocean trip as one generally thinks of such a voyage, for their vessel was never out of sight of land and instead of steering out on the high seas, threaded its way between forest clad islands all the way. The water was smooth as a mill pond and neither Mr. or Mrs. Widmeyre experienced a single qualm of sea sickness at any time. That the trip is not always such smooth sailing was proven by the number of wrecks of vessels passed, said Mr. Widmeyre. The main points visited were Ketchican, Wrangel, Petersburg, Taku, Juneau, Sitka and Skagway. At the latter place they took passage on a train of the White Pass & Yukon Railway to Lake Bennett, fifty miles distant, where the old-time gold seekers started from to "hoof it" to the diggings. Skagway is twenty-six hours' journey from Sitka, the ancient capital. It is quite a small place, with a decidedly Russion and Esquimaux aspect. The totem poles of the latter were seen in many places and the old Russian church is still in good condition. The weather was very mild and pleasant. Asters, Shasta daisies and other familiar flowers were seen in profusion and the visitors picked luscious ripe strawberries from the vines and found them equal in flavor to any grown in California. Sea bathing was as common and seemingly as much enjoyed as in our own beach cities. Mr. Widmeyre said he noted one morning when he happened to awake early that the sun rose about 3:30. That night it set at 9 o'clock. Of course, this is reversed in the winter time, the nights being very long and the days short, while the mercury seeks the bottom of the tube.

The Alaska-Juneau gold mine was visited at Juneau, also the roller mill and stamp mill. Treadway mine, across the channel from Juneau was also included in the tour of observation. The salmon canneries were objects of great interest to Mr. Widmeyre. He saw where the Alaska Pink, so common on grocery shelves in this country, was canned. The Indians catch the fish, from twenty to thirty pounds in weight, in traps, and sell them to canners for 4 cents a fish. Four fish, costing 16 cents, fill forty-eight cans of "tall ones" and they retail at 25c to 35c a can.

The Taku Glacier was a most impressive sight, a mountain of ice hundreds of feet high and nearly a quarter of a mile wide, moving eight feet a day down a canyon and breaking off in chunks as large as or larger than the Woolworth building, these chunks floating away as icebergs.

On the return trip on the steamer "Spokane," Skagway was left on August 8, and Seattle reached one week later. A visit was paid to Bremerton, across the Sound, and there was the New Mexico, the big battleship that was so recently at San Pedro. Lieut. Commander Lightle, when the Widmeyres were presented to him as residents of Glendale, Calif., instantly remarked, "I never was in Glendale, but I remember it was your city that won the prize for the best float in the last New Year Day Rose Tournament in Pasadena."

After spending four days in and around Seattle, the start for home was made on the 19th, the "Admiral Dewey" being the ship taken, and Glendale was reached on the 23rd, exactly four weeks from the day the travelers left. They covered 5500 miles on the trip and nearly 30 degrees of latatude.

Villa says he didn't "surrender," but only "submitted." Germany won't admit that she even did that.

The man who makes the most noise talking makes the least noise thinking.

Some people rise by getting in on the ground floor of everything that comes along.

The practical value of a wisdom tooth is about the same as that of the ouija board.

The Glendale Book Store

PICTURE FRAMING

C. H. BOTT, Prop.
113 S. BRAND BOULEVARD

ORDINANCE NO. 396

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE GRANTING TO STANDARD OIL COMPANY, A CORPORATION, PERMISSION TO CROSS A CERTAIN STREET IN SAID CITY OF GLENDALE WITH A SPUR TRACK.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE, DO ORDAIN AS FOLLOWS:

Section 1. That permission is hereby given and granted to said Standard Oil Company to cross San Fernando Road in said City of Glendale with a spur track, so that track facilities can reach those certain pieces or parcels of land situate in said City of Glendale, County of Los Angeles, State of California, and described as follows:

A tract of land of one and one-half acres, situated on the northeast corner of Colorado Street and San Fernando Road, having a frontage of 165 feet on Colorado Street and 335 feet on San Fernando Road with a depth of 308 feet on Colorado Street; provided that said spur track shall cross said street at a point described as follows:

The center line of said spur track to be constructed across San Fernando Road commencing at a point on west line of San Fernando Road six hundred ninety-three (693) feet northerly, measured along said line from the intersection of the said westerly line of San Fernando Road and north line of Colorado Street produced; thence running easterly and southerly to a point on the easterly line of San Fernando Road five hundred ninety-three (593) feet north, measured along east line of San Fernando Road from the intersection of said line and the north line of Colorado Street.

That the terms and conditions upon which said permission is given and granted are the following:

That said spur track shall be laid, constructed and maintained in all respects under the supervision and to the satisfaction of the Superintendent of Streets.

That said grantee shall at its own cost and expense, oil or macadamize the said street between the rails of said track and for two (2) feet on each side of said track with the same material and in the same manner and under the same specifications as other portions of said street are now or may hereafter be improved, and shall also at such times as future street improvements are made, simultaneously improve said streets between the rails of said spur track and for a distance of two feet on each side thereof in the same manner and under the same specifications as the balance of said street is improved, and shall keep the same constantly so oiled or macadamized and in repair, flush with the street and shall make the road bed conform at all times to the established grade of said street.

The said grantee shall construct all necessary cement culverts and conduits for the free passage of water under said spur track wherever and whenever necessary or required to do so by the Board of Trustees of the City of Glendale, and that all such cement culverts and conduits shall be constructed at the points designated by and in accordance with the plans and specifications approved by said Board of Trustees.

That the cars upon said spur track shall not be allowed to stand in such street in such a manner as to obstruct the use of said street by vehicles or pedestrians.

That the work of constructing said spur track shall be completed within not more than one year from the date upon which this ordinance becomes effective and that if said work be not so completed within the time or in the manner aforesaid, said Company shall forfeit all rights hereunder;

That any neglect, failure or refusal of said Company, its successors or assigns to comply with any of the terms and conditions hereof, shall thereupon immediately ipso facto effect a forfeiture of all rights hereunder and said City by its Board of Trustees may thereupon declare such rights forfeited and may exclude said Company its successors or assigns from further use of said street under this ordinance, and said Company or its successors or assigns shall thereupon immediately surrender all rights in and to the same, and all rights granted hereunder shall become and remain null and void.

Said City of Glendale hereby expressly reserves the right to oil, pave, macadamize, sewer or renew any of said street or to lay gas, water or other pipes or conduits therein. Said work to be done so as to injure said spur track as little as possible.

Section 2. That Ordinance No. 379, entitled "An Ordinance of the Board of Trustees of the City of Glendale giving and granting to Standard Oil Company permission to cross with a spur track a certain street in said City of Glendale," adopted the 13th day of May, 1920, be and the same is, hereby repealed.

Section 3. The City Clerk shall certify to the passage of this Ordinance, and shall cause the same to be published once in the Glendale Evening News, a daily newspaper published and circulated in said City of Glendale and hereby designated for that purpose, after the expiration of 30 days from the final passage of this Ordinance, the same shall take effect and be in force.

Adopted this 26th day of August, 1920.

HARTLEY SHAW,
President of the Board of Trustees of the City of Glendale.

Attest:
J. C. SHERER,
City Clerk of the
City of Glendale.

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES (SS.
CITY OF GLENDALE)

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of the said Board at a regular meeting thereof, held the 26th day of August, 1920, by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.

Noes: None.
Absent: None.

J. C. SHERER,
City Clerk of the City of Glendale.

At a meeting held at the headquarters of **Jonathan S. Dodge**, 111 West Broadway, Glendale, the following committee was organized and unanimously endorsed the candidacy of Jonathan S. Dodge **for re-election to the Board of Supervisors** of the Fifth District, believing him to be the logical man for this important position. The following officers were elected and pledged themselves to work for his re-election, as follows:

CHAS. L. CHANDLER, Chairman.
CLEM MOORE, Secretary.

SHERWIN-WILLIAMS HOUSE PAINT SWP

How SWP cuts painting cost

The only way to buy paint economically is to *forget gallon price* and figure costs by area covered and years of life.

S W P covers one-third more area than paints which are cheaper per gallon. It lasts twice as long without repainting, so requires half the *material* and costs half the labor price (for painting and repainting).

So price per gallon means nothing. Area covered, weather resistance, and years of life are the real things that determine price economy. On that basis S W P is the cheapest per-gallon outside paint you could buy.

S W P has been the leading prepared house paint for half a century. You will find a complete line of it at our store. Let us figure with you on your house-painting.

ORDINANCE NO. 393

AN ORDINANCE OF THE CITY OF GLENDALE REGULATING PLUMBING, GAS FITTING, CESSPOOLS, AND SEWER WORK, AND REPEALING ORDINANCE NO. 84 AND ALL ORDINANCES AMENDATORY THERETO.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. PERMITS.

It shall be unlawful for any person, firm or corporation, whether acting as principal, servant, agent or employee, to do, or cause or permit to be done, any plumbing, gas fitting, cesspool or sewer work without first securing a permit therefor from the Superintendent of Buildings of said City of Glendale as hereinafter provided.

Any person, firm or corporation desiring such permit shall apply therefor at the office of the Superintendent of Buildings, and shall file a plan or drawing and a description of the location and the character of the work proposed to be done, when required so to do and a statement of the cost thereof, and such information as shall reasonably be required by the Superintendent of Buildings. If the plans or drawings or description of the proposed work show that it is proposed to be done in accordance with the terms of this ordinance, and of the laws of the State of California applicable within the City of Glendale, the Superintendent of Buildings upon payment of the proper fee, as hereinafter fixed, shall issue the permit applied for. All work under such permit shall be done in accordance with the submitted plans and description or modification thereof approved by the Superintendent of Buildings, and shall be subject to Inspection by the Superintendent of Buildings. Notice shall be given to the office of the Superintendent of Buildings by the owner or contractor doing such work, or having the same done, as soon as the work is ready for inspection, and it shall be the duty of the inspector to inspect the same within twenty-four hours after such notice is received.

Section 2. COST OF PERMITS.

For said plumbing or gas fitting, cesspool or sewer permits the Superintendent of Buildings shall charge and collect for the use and benefit of the City of Glendale fees at the following rates:

For all work costing less than twenty-five dollars ($25.00), $1.00.

For all work costing twenty-five dollars ($25.00) and less than one hundred dollars ($100.00), $1.50.

For all work costing one hundred dollars ($100.00) and less than five hundred dollars ($500.00), $2.00.

For all work costing five hundred dollars ($500.00) and less than one thousand dollars ($1000.00), $3.00.

For each additional one hundred dollars ($100.00) of cost or fraction thereof over one thousand dollars ($1000.00), $0.25.

ADDITIONAL FEE

Any person, firm or corporation who or which shall commence any plumbing, gas fitting, cesspool or sewer work for which a permit is required under this ordinance, without first obtaining a permit therefor, if subsequently allowed to take out such a permit, shall be required to pay double the fee hereinbefore provided for such permit, provided that this section shall have no application to emergency work when it shall be proved to the satisfaction of the Superintendent of Buildings that such work was necessary and that it was impracticable to obtain a permit therefor prior to its commencement. When the Superintendent of Buildings finds work or material faulty, and it is necessary for Inspector to make more than two inspections for rough work or more than two inspections for finish work, an additional fee of fifty cents ($.50) for each inspection over two shall be charged.

Section 3. NOTICE OF INSPECTION.

Notice must be given to inspect both the rough and finish work; number of permit of the job to be inspected must be given when inspection is required and all work must be left uncovered and convenient for examination until inspected and approved by the Superintendent of Buildings.

Section 4. TESTS.

The inspection officer may apply the water, peppermint, or smoke test, and all necessary tools, labor, and material for such tests shall be furnished by the person or persons assuming control of the work, and such person or persons shall remove or repair any defective material or work when so ordered by the inspecting officer.

Section 5. APPLICATION FOR FINAL INSPECTION.

Application for final inspection shall be made by the person, firm or corporation to whom the plumbing permit is issued, within ten days after completion of the work. Any person, firm or corporation on failing to apply for final inspection within said period of ten days shall be required to pay an additional fee of fifty cents ($.50) for such inspection. No plumbing permit shall be issued to any person, firm or corporation from whom there is due any money under this section.

Section 6. FINAL CERTIFICATE.

The contractor shall secure a certificate from the Superintendent of Buildings and deliver the same to the owner or his agent, if required to do so by the owner.

Section 7. PERMIT VOID.

If the plumbing, sewer, cesspool, or gas fitting work authorized by any permit issued under this ordinance is not commenced within ninety (90) days from the date thereof, and completed and a certificate issued thereon within one year from the date thereof, such permit shall thereupon and thereafter be void, and before doing further work at the location designated in such permit, a new permit must be obtained in like manner and upon the payment of fees required in the case of the first permit.

Section 8. NO PERMIT REQUIRED.

No permit shall be required for repair necessitated by leaks in drain, soil, waste, or vent pipe, but should any trap, drain, soil pipe, waste or vent pipe be or become bad or defective and it be necessary to remove and replace the same with sound material in any part or parts, or if any plumbing fixture be disconnected or removed, a permit must be secured and inspection made as herein provided.

Section 9. DISCONNECTING PLUMBING.

A plumbing permit shall be required where a house is disconnected from the house sewer for moving or other purposes. All openings in remaining sewer shall be closed in an approved manner, and a notice of inspection filed in the office of the Superintendent of Buildings.

Section 10. DEFINITION OF TERMS.

Unless another meaning is clearly apparent from the context the following words and phrases when used in this ordinance shall have the meanings hereinafter set out:

WASTE PIPE: Waste pipe shall be deemed to mean and include any pipe which receives the discharge of any fixture except water closets, and conveys the same to soil pipe or house drain.

SOIL PIPE: Soil pipe shall be deemed to mean and include any pipe which conveys the discharge of water closets with or without other fixtures to the house drain.

HOUSE DRAIN: House drain shall be deemed to mean and include that part of the horizontal piping of a house drainage system which receives the discharge of all soil, waste, and other drainage pipes inside the walls of any buildings, and conveys the same to the house sewer two feet outside the foundation wall of such building.

HOUSE SEWER OR MAIN DRAIN: House sewer or main drain shall be deemed to mean and include that part of the horizontal piping beginning two feet from the foundation wall to its connection with the main sewer or cesspool.

VENT PIPE: Vent pipe shall be deemed to mean and include any pipe provided to ventilate a drainage and plumbing system of piping, and to prevent siphonage and back pressure.

BACK VENT PIPE: Back vent pipe shall be deemed to mean and include that part of the vent line which connects directly with an individual trap underneath or back of the fixture, and extends either to the branch, main soil, or waste vent.

SOIL OR WASTE VENT: Soil or waste vent shall be deemed to mean and include that part of the main soil or waste pipe above the highest installed branch or fixture

KUNTZNER HOME

IT IS A WELL BUILT RESIDENCE ON HIGH, SIGHTLY LOCATION

One of the beautiful residences recently completed in the northeast corner of North Glendale, is the home of Frank B. Kuntzner and wife, on Ross street. This street is just one block long, extending east from Campbell street to the Ross and Thom ranch, and there are just three houses on it as yet, all on the north side. The Kuntzner lot is 56x150 feet and extends back to Mountain street. Ross street ascends quite sharply from Campbell and as the Kuntzner house is on the last lot its location is very high, giving a splendid view of Glendale, Griffith Park and Los Angeles from the porch, which stretches clear across the front of the house. The front lawn descends to the street level in two terraces.

The house is a modified chalet style with eight rooms and bath. All the rooms, even the kitchen, have hardwood floors and each room is distinctive, both in decoration and furniture. The living room is done in stipled wood of a soft shade between gray and tan and the paper is the new Kraft style, really a cloth, of nearly the same shade for the ground, with the figures a little darker. The mantel is of Bacheller tile and the furniture is a mulberry color. The Kraft paper is used in all the downstairs rooms, except the kitchen. The dining room color scheme is old blue, the breakfast room a delicate green, the sunroom a basket weave pattern in light gray and the furniture black, the bedroom a panel effect in the wall paper and the furniture green. The closet for this room opens into a small dressing room containing lavatory and toilet and this little room also opens into the kitchen, which is finished throughout in white enamel with drain board the same.

The stairway, which ascends from the living room, has a unique feature in a hand rail against the wall made of large rope covered with heavy velour. The main bedroom upstairs is very large, papered in blue with a panel effect, and has a built-in desk and extra large closet. The other bedroom, for the boy of the house, has pink and gray paper. The bathroom has woodstone floor, vitrolized, and walls and ceiling are likewise treated, giving a hard, smooth and shiny surface. The bathtub is tiled in and there is a porcelain foot tub. The hall at the head of the stairs, which the bathroom opens into, has a linen closet in one end with shelves four feet deep.

The perfect finish throughout and the artistically blended colors in the walls and furnishings makes this an ideal home.

THE EUROPEAN PUZZLE

The combatants would exhaust their resources in a few months and that would end the conflict. That was the general belief when the world war opened. It was an oft-expressed opinion that the war would not only speedily bankrupt the nations engaged, but that the armies would be decimated so rapidly that an end would be brought to hostilities because few fighters would be left. The error of such forecast was long since shown. However, it was thought when hostilities in the great theaters of war ended that surviving peoples would of necessity turn to peace industries in order to avoid starvation, that there had been so much life and property loss that the war-weary nations would revolt at the thought of further martial strife. It was averred that Europe in large part was "bled white."

Long before the war was brought to a close by the armistice we had heard of the destitution that prevailed over a large part of Europe. Russia, both because of her original part in the war and the ravages of the Bolsheviki, was supposed to be in an alarming state and it certainly has grown worse with the passing years. Poland suffered repeatedly from the ravages of conflicting armies. Both might have been considered long past the point of putting effective military forces in the field.

The result shows that the basis of reasoning on which men relied in order to reach a conclusion that it requires large treasure and abundant stocks of food as well as vast numbers of men in order to carry on war did not take stock of some reserve that apparently has been called to the aid of Russia, Poland and others who still persist in seeking to settle disputes by force of arms.

By some means the Russians are equipped and fed, mysterious though the source is. Poland may have had help from entente sources, though such aid has been carefully covered, if given. And these are not the only "utterly exhausted" nations, though the most notable, that are able to carry on war long after such a condition seemed impossible. It would seem that it is necessary to revise pre-war conceptions of what is necessary to prosecute military operations.

It would seem that it is possible to carry on war after the resources necessary to support a nation in peace are entirely exhausted. How it is accomplished is a puzzle, but we are faced with the fact.

EVENING NEWS ADS GET RESULTS

Mistaken Approval

Members of the minor judiciary do some strange things, but it remained for a Baltimore magistrate to give a novel reason for discharging a number of prisoners who had been arrested for firing bottles at a baseball umpire. He ruled that these men were mildly insane at the time, and that this insanity was excusable in view of the fact that they had been worked up to a state of frenzy because of the excitement incident to a closely contested game. This remarkable decision has been the occasion for much alleged humor and some alienists have been asked to express their opinion upon the subject. One of them says that during the war and since it ended the world has felt its moral restraint slipping until it has fallen almost into impotency and "people are going off the handle everywhere."

This is interesting if true, but it will strike most sensible persons as a mighty poor excuse for tolerating rowdyism. Everybody expects enthusiasm and excitement at public games, but few will be found who will excuse the near-riots that have taken place at many of the baseball games this season. Men who vent their displeasure at umpires by throwing bottles at them from the supposedly safe refuge in the stands are the worst kind of cowards. They are rowdies, of course, but in addition to this they have a streak of yellow in their compositions which earn for them the contempt of decent men. Few, if any, of the bottle-throwers would have the courage to face their victims in a square fight, and their action often precipitates riots in which innocent bystanders are the sufferers.

Rowdies of any kind, whether in street cars, in crowds or at baseball games, should not be tolerated. Those who encourage them are either weak or inefficient or both.—Long Beach Telegram.

A Picturesque Campaign

The nomination by the Republican party in Tennessee of Judge Alfred A. Taylor for governor recalls another campaign in that state in which Judge Taylor was his party's standard bearer for governor against his brother, the late United States Senator Robert L. Taylor, in the middle eighties. It was called "the battle of roses." No building could accommodate the throngs attracted by these two orators. More women and girls attended the joint debate between the famous brothers than were ever before attracted to political gatherings in the Volunteer State. Partisans of "Little Alf," as the Republicans called their candidate, wore red roses at these open-air debates, while the followers of "Our Bob," the endearing appellation applied by the Democrats to their candidate, wore white roses.

The brothers came by their gifts as orators "honestly." Their father was a noted abolitionist orator, Rev. Jones Taylor, while their mother was a sister of Landon C. Haynes, the Southern platform celebrity. "Bob" was considered the more versatile orator, while "Alf" was regarded as the closest reasoner and is a lawyer of recognized ability. The former was elected, but the campaign left no estrangement between members of the family. Robert L. Taylor, later a senator, was a popular lecturer—his "Fiddle and the Bow" being the most popular of his many lectures. The tariff was the absorbing issue in the campaign between the brothers, the present nominee holding the Democratic party responsible for low prices, when, as he oft repeated:

"You can't sell a calf,
For a dollar and a half."

State issues were only incidentally referred to in the picturesque contest. It was Robert L. Taylor's favorite ode to the mountains of Tennessee that "they are so high that one can stand on tip-toe on the summit and tickle the toes of the angels."—Long Beach Telegram.

In 1896 it was not only a porch campaign, but a torch campaign. Remember that smoky, smelly oil torch that father brought home and hung up proudly on the wall, along with the banner he carried under the candidate's picture? Ah, those were the days! Who ever sees a torch now?

The notion that women are more given to divorce than men is corroborated by the report that 185,000 women and 156,000 men were divorced during the past year. We sort of wonder, though, whom those extra 29,000 women were divorced from.

When you hear a woman has educated her husband, it may merely be meant that she has been giving him "pieces of her mind" at various intervals.

Has the Small Car Owner A Right to Good Tires

THIS much is certain—that the small car owners of this country have as *high quality standards* as any other class of motorists. Whenever you want to see this proven out, you have only to watch how they come to good tires, when they are given an opportunity to *get at them.*

What some dealers seem to overlook are the reasons which have led most of the small car owners to buy their cars.

In building tires for the small car, the United States Rubber Company exercises as much *care,* as much *thought,* as much *supervision,* as if they were intended to go on the most expensive cars in the country.

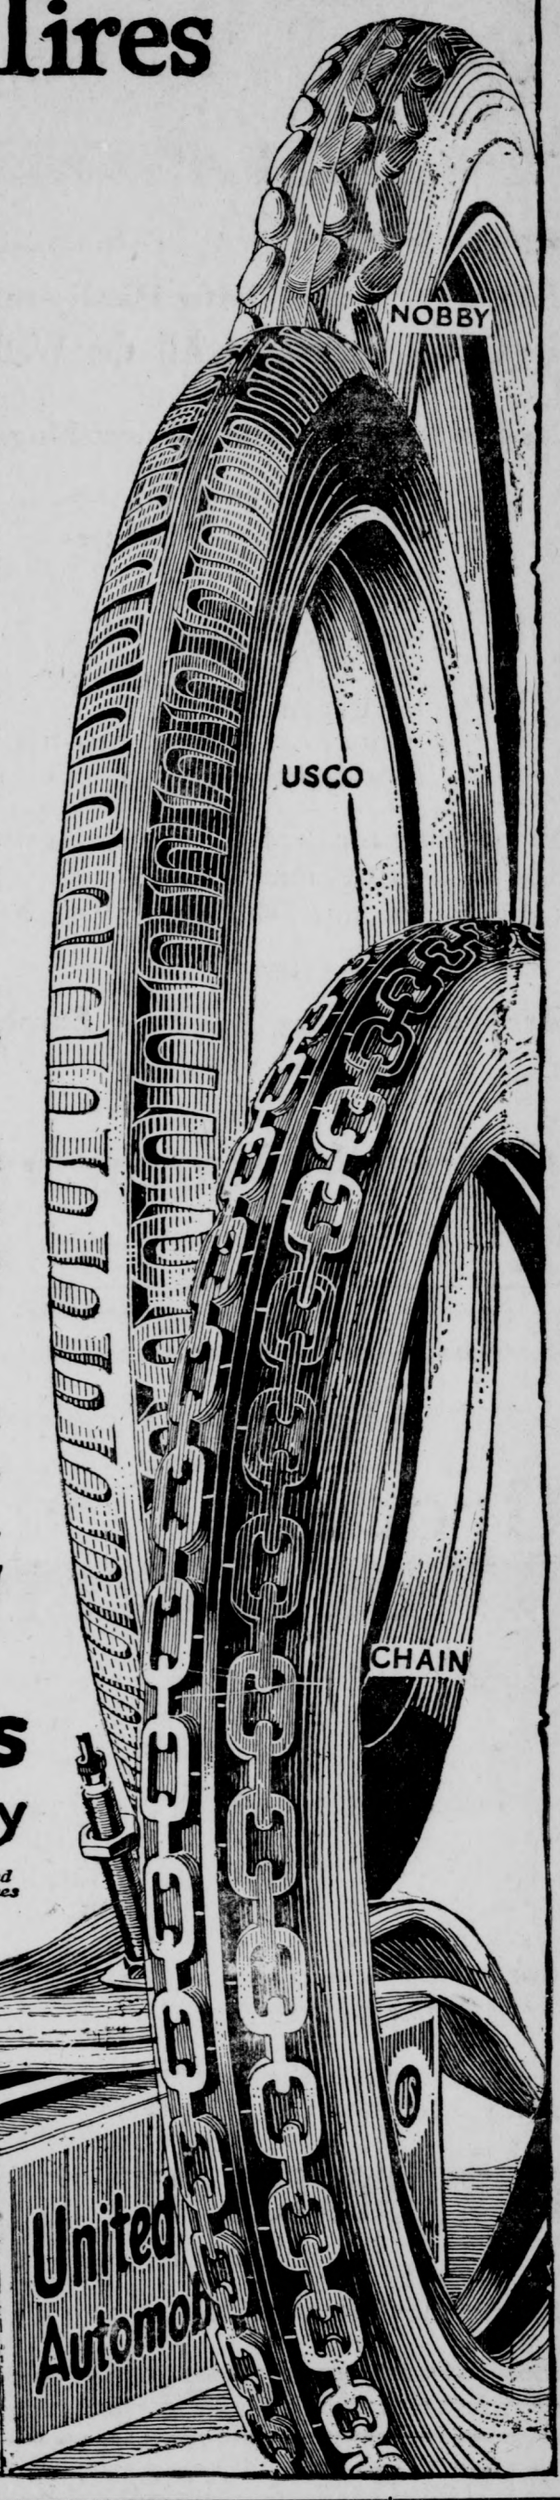
Devoting an *entire factory* to their manufacture. Putting the *whole weight of its varied experience* behind them.

Never *cheapening their quality* on the mistaken theory that a man's intelligence can be judged by the length of his car's wheel base.

* * *

Good dealers will tell you that they can never get enough U.S. 30x3½-inch Tires.

A hint which the small car owner who is bent on quality *will always heed in time.*



United States Tires

HAS SOCIETY BEGUN TO DISINTEGRATE?

Are we becoming a nation of sissies? This question is seriously asked by several students of our criminal codes, as it used sometimes to be asked by Police Judge Hale Rix of San Francisco.

The reason such questions are being asked with increasing frequency is because every day brings to light evidences that mobs, which are increasing, are about the only forces which execute the law against murder. Shameful as such a confession is, facts go far toward proving that it is correct.

In a remarkable work entitled "Modern Science and the Illusions of Bergson," Hugh R. Elliott, an able Englishman, has some sensible comment on the attitude of society toward the criminal. It would be well if his sentiments were to gain far wider circulation than they will find in a volume on science.

He stoutly maintains that societies in which anti-social acts arouse no hostility, fall to pieces. Only those societies can survive in which criminal acts call forth hostile emotions, bringing about an attack on the offender, an attack finally resulting in his suppression. He says:

"No society can reach a high civilization unless throughout their members there exists the nervous organization which supports the sentiments of anger and hostility against criminals; and this physical nervous organization is the groundwork of what we call our moral codes. We shall continue to condemn crime and visit our wrath upon criminals just so long as we feel hostility toward criminal actions; and if we ever become so civilized that the feeling of hostility dies out, that time will mark the commencing disintegration of our society."

The last words of the foregoing are worthy of very careful consideration. Has such a period not already set in to disintegrate society in this country?—Exchange.

ORDINANCE NO. 393

(Continued from page 3)

connection extending through the roof.

LOCAL OR SURFACE VENT: Local or surface vent shall be deemed to mean and include any pipe by which the foul air in the bowl of any water closet or other plumbing fixture is removed.

TRAP: Trap shall be deemed to mean and include a fitting so constructed as to prevent the passage of air or gasses through any pipe without materially affecting the flow of waste water therein.

PLUMBING WORK: Plumbing work shall be deemed to mean and include all piping in any building upon which tests are required to a point where the same empties into sewer or cesspool and shall include the house sewer and so forth.

Section 11. REGULATIONS AND SPECIFICATIONS.

The Superintendent of Buildings in approving plans, or in accepting work of any and all persons carrying on, conducting, or causing to be constructed, any plumbing or house drainage affecting the sanitary conditions of any house or building in the City of Glendale, shall be governed by the following regulations, and it shall be unlawful for any person to fail, neglect, or refuse to comply with all or any of such regulations.

Section 12. SEPARATELY CONNECTED.

Every house or building in or for which any house drainage or plumbing arrangements are constructed shall be separately and individually connected with an accepted city sewer when such sewer exists in the street or alley upon which such property abutts, and in case there is no sewer in such street or alley, such house or building must be separately connected with an accepted cesspool; provided, that an outbuilding may be connected with the drain from another building on the same lot or premise.

Section 13. DRAINAGE ON TOP OF GROUND.

It shall be unlawful for any person to use or occupy any house or building in the City of Glendale in or for which any house drainage or plumbing arrangements are or shall be constructed unless such house drainage or plumbing arrangements are connected with an accepted city sewer or cesspool in the manner required by and under this ordinance.

Section 14. It shall be unlawful to cause, suffer or permit the disposal of the water from any lavatory, bath tub, sink, floor sink, wash tray, water closet or other plumbing fixture, in any other place or manner than into a public sewer or into an approved cesspool or as may be otherwise provided by ordinance.

Section 15. PRIVY VAULTS.

Open privy vaults are prohibited in the City of Glendale. Where such privy vaults exist sanitary plumbing as required by this ordinance shall be installed within ten days from notice served in writing by the Superintendent of Buildings or upon order of health officer.

Section 16. REFRIGERATOR WASTE.

No waste pipe from any refrigerator or other receptacle in which provisions are stored or from any washing machine shall be connected with any drain, soil, or other waste pipe.

Section 17. HOUSE SEWER.

All house sewers hereafter constructed shall be of vitrified sewer pipe or cast iron pipe of not less than four inches in diameter and shall empty into cesspool with sufficient downward bend to prevent waste from striking sides of cesspool. All cement used in connecting such vitrified sewer pipe fittings shall be mited with salt water. It shall be unlawful to do any act or thing which may impede or obstruct the flow of any house sewer or interfere with the free discharge or ventilation thereof or to clog up any appurtenances thereof.

Section 18. OBSTRUCTED BY ROOTS.

When any house sewer or drain is obstructed by roots or is found to be broken or defective so that sewerage or drainage escapes therefrom, the Sanitary Inspector shall order such sewer or drain to be repaired or replaced.

Section 19. JOINTS IN CAST IRON PIPE.

All joints in cast iron, soil, or waste pipes, whether inside of the building or otherwise, shall have hub well filled with pig lead and oakum and thoroughly caulked.

Section 20. SOIL PIPES.

All soil pipes in connection with the plumbing of any building shall be of cast iron, and such pipe shall be carried undiminished in size up to six inches above the highest point of the roof, and shall terminate within twenty-four inches of the ridge of such roof, provided that in case the building wherein such pipe shall be installed is constructed with fire-walls, such vent shall be carried at least six inches above the level of such fire-walls. Such vent shall never terminate within ten (10) feet of any window, air-shaft, or opening into any house or building or within ten (10) feet of another property line.

These vent pipes shall be extended up to and following the angles of the roof line on under-side of same and shall not be brought to the outer air until the highest point in the roof has been reached. Distance of twenty-four (24) inches measured from the top edge of the ridge to the lower side of vent pipe on the angle of the roof will be deemed to be sufficient, provided, however, in case of a flat roof in buildings or two or more stories in height such vent pipe need not be extended to the highest point of such roof, provided no vent pipe in such flat roof shall terminate within ten (10) feet of any other building, or property line and a terminal of all vent piping of any building or structure shall not be within ten (10) feet of any window, air-take, or other opening in any such building or structure.

All vents on new one story houses or temporary buildings must go to the highest ridge. A house is considered new until ninety (90) days after completion. Horizontal vent piping above the fixture level shall not exceed fifteen (15) feet in length.

VENTS IN OLD HOUSES.

Should it be impossible to run vent to high point in roof in old house vent may be run otherwise providing permission so to do is granted by both Sanitary and Plumbing Inspectors.

In buildings of two or more stories, a roof will be considered flat the pitch or inclination of which is three inches or less per foot. All roofs on buildings two or more stories in height with a greater pitch than three inches shall be deemed a pitched roof and all vent piping shall be carried to the highest point as herein provided, and the minimum height of any vent pipe from the ground shall be fifteen feet.

Section 21. VENT PIPE CONSTRUCTION.

Every branch or branch fitting for a vent pipe shall, when leaving a horizontal or vertical line of waste pipe, be taken from a "Y" or combination "Y" and ⅛ bend lying in the direction from which the waste water flows in such waste pipe, thus forming an angle of forty-five degrees with the waste pipe, or may leave such horizontal waste pipe at right angles, provided that such vent pipe shall have a rise of forty-five degrees to 6 inches above water line of fixture, thus permitting the use of a "tee."

No horizontal vent pipe leaving the vent pipe below the fixture line or floor line shall have a greater length than is required to assume a vertical position. All horizontal vent piping must have a rise to air opening not less than one-fourth (¼) inch per foot.

All vent pipes, whether horizontal or vertical, when converged into a main extension shall rise vertically to a point six inches in height above water line of fixture before a right angle is made to a branch fitting to which line of vent pipe one or more fixtures are attached.

Section 22. MAIN VENT PIPE.

In every building in which a water closet is installed and the waste pipe from such fixture is connected with the street sewer or cesspool, the minimum diameter of vent pipe from such fixture shall be four inches. In every building in which a fixture is installed other than a water closet and there is a four inch vent pipe through the roof of such building, the minimum size vent pipe from such fixture through the roof shall be the same diameter as the trap serving such fixture. Where the diameter of the house drain is larger than herein provided for and at some point in the building the same diameter rises to the upper floor or floors, forming a stack or vertical line, such piping shall be continued undiminished through the roof, as provided for in this ordinance.

Section 23. FOUR INCH SOIL VENT.

Every building in which there is a toilet shall be provided with a ventilating vent stack at least four inches in diameter from sewer or cesspool.

Section 24. SOIL AND WASTE PIPE.

All soil or waste pipes shall be of cast iron, coated inside and out with liquid asphalt or lead.

GRADES OF HORIZONTAL PIPES.

All horizontal soil pipes, waste pipes, or house sewers shall be run in practical alignment and each at a uniform grade not less than one-quarter inch per foot. Plumbing Inspector shall determine in case same can not be installed with one-fourth (¼) inch per foot fall whether or not drainage to any piping can be obtained with a fall of less than one-quarter inch per foot, provided that in no case shall fall be less than one-eighth inch per foot.

Section 25. CHANGE OF DIRECTIONS.

All drainage and plumbing pipe shall be rigidly secured by approved strap iron, not more than eight (8) feet apart to keep its alignment in grade, and all changes of direction, either horizontal or vertical, shall be made with appropriate use of "Y's," "½ Y's," Sanitary T.Y's with cleanout.

Section 26. INCREASES AND REDUCTIONS.

Increases or reductions in size of pipe shall be made by the use of the proper fittings. No double hub, double tee, or sanitary tee branches shall be used on horizontal runs nor shall double hubs or straight crosses be used on the soil or waste lines. Saddle hubs and bends shall in all cases be prohibited.

Section 27. SOIL PIPE FOR FIXTURES ABOVE THE SECOND FLOOR.

Every soil waste pipe receiving the discharge of any fixture or fixtures above the second floor of any building shall be carried full size up to six inches above the highest point of the roof.

Section 28. FIXTURES SEPARATELY TRAPPED AND VENTED.

Except as otherwise provided in this ordinance, every water closet, bath tub, lavatory, laundry tray, sink, or other plumbing fixture shall have its waste pipe connected to the soil or waste line and shall be separately, individually, and effectively trapped and vented. Each trap shall be placed as near the fixture as possible, and in no case shall the seal of trap be more than twelve inches from the outlet of fixture. Every trap shall be effectively vented with an air pipe of diameter not less than that of such trap, except in case of trap larger than two inches in diameter, in which case the air pipe shall be not less than two inches in diameter, provided, that a single pipe may be used to vent two traps through the same fitting when such fitting has effective means to prevent the drainage of one trap entering the other trap and is made in one piece of metal without loose or added parts. All separate vent pipes within the radius of sixteen (16) feet may converge into one pipe, the size of which shall be governed by the provisions of this ordinance.

All plumbing fixtures shall be installed and set free and open from all inclosing woodwork.

Section 29. TRAPS.

Every fixture trap shall be protected from siphonage and air circulation secured by means of a black vent pipe. Every pipe shall be so installed that the water seal will protect the trap screw from foul air. Each trap shall have a water seal of at least two inches. All traps shall be rigidly supported and set true with respect to the water levels. The use of a house trap or main drain trap is prohibited. No trap with concealed partitions or mechanical sealing devices shall be used with the exception of drum traps which by special provision from inspector may be used only in connection with soda fountains and dental chairs or barber shops. No fixture shall be trapped by having its waste connected with the trap of another fixture. Except as otherwise specified in this ordinance all vents shall be the same size as their waste pipes. Traps for chemical laboratories or sinks, shall be of cast iron, brass or vitreous ware. Traps for bath tubs shall be of lead; traps for basins, sinks, and other similar fixtures shall be made of cast brass or vitreous ware. Cast iron will be permitted only when completely covered by cement.

Drawn brass traps or traps with slip connections on the sewer side of such traps are prohibited from installation. All angles or extensions made on sewer side of brass trap shall be made with standard threaded pipe and fittings; slip joints or soldered joints on same are prohibited.

Section 30. SAND TRAP.

Where a sand trap is connected to a sewer or cesspool, it shall be constructed in the following manner: the walls and bottom shall be at least three inches in thickness and built of concrete. A partition, the top of which is on a flowline with the trap shall be so placed as to prevent the solid matter from entering the waste line. The outlet shall be constructed with a combination Y and ⅛ bend or sanitary tee with a cleanout in the end thereof and so placed as to permit of a trap seal of at least six inches. The horizontal size of the trap shall be not less than 18x24 inches and it shall not be less than eighteen inches in depth. A cast iron cover shall be provided, one-half of which shall be in the form of a grating. The cover shall rest on a cast iron angle frame of sufficient size as to have a one inch bearing on the concrete walls of the trap.

(Continued on page 11)

A Woman's Seal of Approval

A woman came into our office last week to arrange for building a home and placed her O. K., her seal of approval upon the first model she saw.

She looked at a photograph of a house on our wall (one of the large number of pictures included in our building plan service) and said: "That's the very house I want to build on my lot up on Maryland Avenue. I don't need to look any further."

In a very short time she made all arrangements to have this house built.

HASTE IS NECESSARY

if everyone who wants to live in Glendale is going to be provided for this fall and winter but we don't ask you to decide so quickly as this lady did. Take plenty of time to look over our photographs and the accompanying floor plans and don't make a choice until you have found just what you want.

--COKER CAMPAIGN COMMITTEE

RESOLUTION NO. 1119

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING THE REMOVAL OR DESTRUCTION OF DIRT, RUBBISH, WEEDS AND RANK GROWTHS FROM CERTAIN LOTS AND GROUNDS AND FROM THE SIDEWALKS OPPOSITE THERETO.

WHEREAS, The Board of Trustees of the City of Glendale did on the 3rd day of August, 1920, pass a Resolution No. 1113, declaring their intention to order the removal or destruction of dirt, rubbish, weeds, and rank growths from certain lots and grounds therein described and from the sidewalks opposite thereto, and

WHEREAS, The hearing of objections to said proposed work was regularly fixed for this time;

NOW THEREFORE, The Board of Trustees of the City of Glendale do resolve as follows:

Section 1. That no owner of or other person having any interest in any property liable to assessment for the work or any of the work described in said Resolution of Intention No. 1113, has made any written protest against the proposed work.

That no work described in said Resolution of Intention No. 1113, or work similar in all respects thereto has been done or performed to the satisfaction of the Street Superintendent or in accordance with the description of such work in said Resolution of Intention, or at all, as to any grounds or lots described in said Resolution of Intention.

Section 3. That this Board hereby orders the Street Superintendent of the City of Glendale to have done all the work described in said Resolution of Intention No. 1113.

Section 4. The City Clerk shall certify to the passage of this Resolution and cause the same to be published by one insertion in the Glendale Sentinel-Progress, a newspaper of general circulation published and circulated in the City of Glendale.

PASSED by the Board of Trustees of the City of Glendale this 26th day of August, 1920.

HARTLEY SHAW,
President of the Board of Trustees.
Attest: J. C. SHERER,
City Clerk of the City of Glendale.
STATE OF CALIFORNIA, COUNTY OF LOS ANGELES—SS.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that at a regular meeting of the Board of Trustees of the City of Glendale the foregoing Resolution was passed by said Board of Trustees by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.
Noes: None.
Absent: None.

WITNESS MY HAND this 26th day of August, 1920.

J. C. SHERER,
City Clerk.

RESOLUTION NO. 1120

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING THE REMOVAL OR DESTRUCTION OF DIRT, RUBBISH, WEEDS AND RANK GROWTHS FROM CERTAIN LOTS AND GROUNDS AND FROM THE SIDEWALKS OPPOSITE THERETO.

WHEREAS, The Board of Trustees of the City of Glendale did on the 3rd day of August, 1920, pass a Resolution No. 1114, declaring their intention to order the removal or destruction of dirt, rubbish, weeds, and rank growths from certain lots and grounds therein described and from the sidewalks opposite thereto,' and

WHEREAS, The hearing of objections to said proposed work was regularly fixed for this time;

NOW THEREFORE, The Board of Trustees of the City of Glendale do resolve as follows:

Section 1. That no owner of or other person having any interest in any property liable to assessment for the work or any of the work described in said Resolution of Intention No. 1114, has made any written protest against the proposed work.

Section 2. That no work described in said Resolution of Intention No. 1114, or work similar in all respects thereto has been done or performed to the satisfaction of the Street Superintendent or in accordance with the description of such work in said Resolution of Intention, or at all, as to any grounds or lots described in said Resolution of Intention.

Section 3. That this Board hereby orders the Street Superintendent of the City of Glendale to have done all the work described in said Resolution of Intention No. 1114.

Section 4. The City Clerk shall certify to the passage of this Resolution and cause the same to be published by one insertion in the Glendale Sentinel-Progress, a newspaper of general circulation published and circulated in the City of Glendale.

PASSED by the Board of Trustees of the City of Glendale this 26th day of August, 1920.

HARTLEY SHAW,
President of the Board of Trustees.
Attest: J. C. SHERER,
City Clerk of the City of Glendale.
STATE OF CALIFORNIA)
(SS.
COUNTY OF LOS ANGELES)

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that at a regular meeting of the Board of Trustees of the City of Glendale the foregoing Resolution was passed by said Board of Trustees by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.
Noes: None.
Absent: None.

Witness my hand this 26th day of August, 1920.

J. C. SHERER, City Clerk.

RESOLUTION NO. 1121

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING TO BE CLOSED UP, VACATED AND ABANDONED FOR STREET AND ALLEY PURPOSES A PORTION OF THAT CERTAIN ALLEY IN TRACT NO. 1680 IN THE CITY OF GLENDALE DESCRIBED HEREIN AS CONTEMPLATED IN RESOLUTION OF INTENTION NO. 1100.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO RESOLVE AS FOLLOWS:

Section 1. That the public interest and convenience require, and the Board of Trustees of the City of Glendale hereby orders to be and the same is, closed up, vacated, and abandoned for street and alley purposes, all that certain portion of that fifteen (15) foot alley in Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California, more particularly described as follows:

Beginning at the intersection of the easterly line of Sycamore Canon Road and the southerly line of Lot 1, Tract No. 1680, as per map recorded in Book 21, Page 66 of Maps, Records of Los Angeles County, California; thence easterly along the southerly lines of Lots 1, 2, 3, 4, and 5, of said Tract No. 1680 to the southeast corner of said Lot 5; thence southeasterly across an alley to the northeast corner of Lot 28 of said Tract No. 1680; thence westerly along the northerly line of said Lot 28 to the intersection of the northerly line of said Lot 28 and the easterly line of Sycamore Canon Road; thence northerly along the easterly line of Sycamore Canon Road to the point of beginning.

Section 2. That said work is for the closing up of that certain alley more particularly described in Section 1 hereof, and it appears to said Board of Trustees that there are no damages, costs, or expenses arising out of said work and therefore no commissioners are appointed to assess benefits and damages for said work and to have general supervision thereof.

Section 3. The City Clerk shall certify to the passage of this Resolution and cause the same to be published in the Glendale Evening News in the manner required by law.

Adopted this 26th day of August, 1920.

HARTLEY SHAW,
President of the Board of Trustees of the City of Glendale.

Attest:
J. C. SHERER,
City Clerk of the City of Glendale.
STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES (SS.
CITY OF GLENDALE)

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing Resolution was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof held the 26th day of August, 1920, by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.
Noes: None.
Absent: None.

J. C. SHERER,
City Clerk of the City of Glendale.

Sharmans Back

Dean S. R. Sharman and wife, who lived for a number of years at 605 East Harvard and moved to Flagstaff, Arizona, about two months ago, have returned to Glendale and are living in rooms over the Valley Supply Co., until they can buy a lot and put up a small residence. While in Flagstaff their only son, Dean C., aged twenty-two years, who had never recovered from an attack of influenza, suffered several months before, died.

Annual Scottish Picnic

All Scottish folk are invited to attend the annual Scottish picnic and reunion to be held in Eagle Rock Park, September 6. There will be the usual basket dinner followed by an afternoon of entertainment.

No Waste Material

The production of motor fuel from pineapple waste is promised by manufacturers in Honolulu. One plant is already operating on a large scale. It has filed a $300,000 bond with the government, providing for the manufacture of alcohol for non-beverage purposes. It has worked out and adopted its formula, and has begun work with nine tanks, each with a capacity of 4000 gallons of pineapple waste.

There are two highly satisfactory phases to this new industry. One is of course, the discovery and working of a new source of motor fuel at a time when such fuel is rapidly becoming dear and scarce. The other is the productive use of vast quantities of material hitherto considered simply as waste.

The frequent discoveries of new uses for old materials regarded as valueless do not justify the reckless and extravagant uses of the resources known today. It is quite the other way. They teach that there is no waste except as human ignorance allows it, and they inspire further research along other lines where as yet human intelligence has perceived nothing but unavoidable loss.

Sold Cigarettes to Minors

P. Bimone, who runs a small grocery store and refreshment stand at Doran and San Fernando Road, was fined $25 and costs in Judge Lowe's court for selling cigarettes to two boys by the name of Green and Newby. His defense was that a young girl was in charge of the store while he and his wife were absent and she thought it was all right to sell to boys when an order was presented, as was done in this case, the boys preparing and signing the order themselves. The defendant was informed that the law plainly states that cigarettes, tobacco, papers and such must not be sold to minors even when a duly signed order from parents or guardian is presented. The police officers are conducting a quiet campaign against violators of this law and will arrest all offenders.

HINDERS BUSINESS

LACK OF BUILDINGS IS HANDICAP TO MANY GLENDALE FIRMS

Among Glendale men and firms who are in business or who are contemplating going into business here and feel the need of more and better business buildings, is A. B. Lawrence of the Overland-Glendale Motor Company. When Mr. Lawrence took the Overland agency in Glendale, he rented a room on East Broadway as temporary headquarters and has been unable to find better accommodations up to date. Mr. Lawrence is satisfied with business conditions. He has a good business, but says he is greatly handicapped by lack of a larger and better building.

F. W. PIGG

205 E. Broadway Glendale 88

IN OUR HONEST JUDGMENT the beautiful home on South Louise has the greatest value of any in Glendale. 6 large delightful rooms including a perfect "dream" of a den with fireplace and bookcases. 2 bedrooms, built-in dresser, closets large enough to sleep in. Hardwood floors throughout. Deep vine covered veranda, reminds one of their "courting days." Basement, double garage with pit. 6 bearing trees, 2 of 'em walnut, from which owner sold $60 worth of nuts besides keeping all desired for own use—(and that was plenty.) House built like a **SUPER DREADNAUGHT.** "Just dying" to tell you more about it. $6300. Good terms.

Filed Aug. 23, 1920. L. E. Lampton, County Clerk. By G. S. Clarke, Deputy. 301-t4-Tues

Personals

Born, Thursday morning, August 26, 1920, to Mr. and Mrs. A. B. Coon, 220 North Orange, a son.

Loron T. Rowley and family have moved from 305 North Central avenue to 334 Vine.

Mrs. Robert Laird Stewart of Alhambra, spent the past week visiting Mrs. David Black of 1450 Kenneth Road.

Miss Florence Goode of E. Maple, and Mrs. A. J. Harrison of 126 West Garfield avenue, will spend the next few days at Catalina.

Miss Alice Petty of 343 Vine street, has returned from Whittier where she spent the past week visiting Miss Garnet Alexander.

Mrs. Ella Richardson and sons, Paul and William, of 525 South Central avenue, are enjoying the week at Catalina Island.

Henry Johnston and family of 111 North Everett street, are spending Saturday at Huntington Park. the guests of their relatives, Ed Rutledge and family.

Mrs. Paul A. Hoffman and children of 327 North Maryland avenue, have returned from Balboa Island, where they enjoyed a month's vacation.

Mr. and Mrs. E. B. Kinney of San Diego are spending the week visiting at the home of Dr. and Mrs. Nestor A. Young of 221 North Louise street. Mrs. Kinney is the daughter of Dr. and Mrs. Young.

Mr. and Mrs. C. M. Cram have sold their home at 947 North Louise street, to Mr. and Mrs. J. Clover, recent arrivals from the East. Mr. and Mrs. Cram will reside at 349 West Broadway.

Mr. and Mrs. Daniel Nicholson and daughters, Sadie and Rose, who lived at 1119 North Central avenue, have left Glendale to spend a year at their former home in Victoria, British Columbia. They are making the interesting trip by boat.

Mrs. F. A. Field and Miss Field, of North Kenwood street, have returned from a restful vacation of two weeks at Pinecrest resort in the San Bernardino mountains. A number of Glendale people made Pinecrest their choice for this summer.

Mr. and Mrs. Bruce Kurtz of Williamsburg, Pa., have arrived in Glendale, and are visiting at the home of Mrs. P. H. Hoffman at 516 South Central avenue. They plan to make their home in this city or vicinity, as soon as a suitable location can be found.

A. B. Clement and wife of 1321 North Pacific avenue, are enjoying a visit from Mrs. Nellie Berry of Lindsay, a sister of Mr. Clement. J. Jones, who lives near Cincinnati, O., has just returned home from a few weeks' sojourn with the Clements.

Mr. and Mrs. C. H. Pratt of Los Angeles, recently of Denver, Colo., were guests at the home of Mr. and Mrs. John White Garver at 528 North Maryland avenue, last week, and rejoiced with them over the recent arrival of a baby daughter, Jane Prescott Garver, born July 9, 1920.

Misses Clara and Alice Midcalf and their brother, Holman, who have been spending the summer in Santa Monica have at last secured a place to live in Glendale. It is the Fife place at 314 North Orange, which has just been vacated by C. R. Bird and wife, who are moving to a place they recently bought in Los Angeles.

C. J. Lakey and wife, who have just moved here from Loveland, Colo., are living in a garage at 1101 East Wilson avenue, so determined are they to make their home in Glendale. They are keeping up with city affairs by reading The Evening News regularly. Mr. Lakey is a brick mason and cement worker and went to work as soon as he arrived here. The Lakeys have resolved to buy a lot and build a home.

Mrs. H. Hobbs and daughters, Hattie and Jean, former Glendale residents, were in the city yesterday afternoon and evening, and were the guests of Glendale friends at an informal theater party last evening at Los Angeles. Misses Hattie and Jean Hobbs are now residing at Bakersfield, and are enjoying a two weeks' vacation, most of which was spent in the mountains. Mrs. Hobbs is at present residing in Hollywood, and is enjoying her daughters' visit very much. The young ladies plan to return to Bakersfield Sunday.

Mr. and Mrs. Harley Crane of Pasadena, were in Glendale a short time yesterday enroute to Lake Tahoe, and other points in the High Sierras, where they will spend the fall and winter months. The couple are driving horses, and taking a complete camping outfit. The saddle horses have been trained to pull a wagon, and thus are of double value. Mr. and Mrs. Crane are looking forward to a most enjoyable season of outdoor life. Mrs. Crane will be remembered as Miss Ruth Fairchild, she having resided in Glendale a number of years before her marriage and subsequent removal to Pasadena.

J. J. Banta, who was formerly in the real estate business, arrived in Glendale yesterday to attend to some business affairs.

Mrs. Cora S. Taylor of West Lexington Drive, who has been visiting her sisters in Oakland for some months, will return to Glendale the last of this week.

Mr. and Mrs. C. C. Maag and two children of Sentinel, Ariz., are spending the week-end in Glendale visiting Mrs. Henry Roeder at 344 North Maryland avenue.

Miss Aileen McMaster of 502 South Adams street, left Wednesday for El Paso, Texas, where she will visit her father, W. H. McMaster, who is employed there.

Lights were ordered turned on Thursday in the new residences of L. E. Starkey, 240 South Cedar; E. Woodyard, 1228 East Harvard; C. C. Clark, 809 Mariposa, so the owners could move in.

Dr. and Mrs. Colin Cable and Mrs. L. W. Bosserman and two sons, in company with Mrs. Frank Weigel and Miss Gertrude Bennett of Kingsley Drive, Los Angeles, spent a week at Catalina, returning home last night.

B. F. Bourne and family arrived at home this morning from their hunting and camping trip. Mr. Bourne says he got all kinds of game from squirrel to deer, and two of the latter.

Ten ladies of the Christian Church gathered at the church bungalow yesterday afternoon and sewed for the Red Cross. A large number of practical baby clothes were completed, and will be distributed by the Red Cross.

Miss Dorothy Hunt and Miss Louise Robinson are spending several days at San Pedro as the guests of Miss Dorothy Gilson. Miss Gilson, a former resident of Glendale, will teach Latin in Stanford University this coming year.

Miss Alice Frank of 1558 Eagle Rock Road, Glendale, has been in attendance as nurse for the past six weeks on an elderly lady at the Glendale Sanitarium, who was injured some time ago in a street car accident. The patient is sufficiently recovered to grant Miss Frank a leave of absence in order that she might assist Harry Coker in his campaign for Supervisor.

Miss Ethel Wilson of 619 South Columbus avenue, was given a pleasant surprise last evening on the occasion of her eighteenth birthday. Music, games and refreshments were enjoyed. Those present were Misses Therese La Mar of Edendale; Miss Nadyne Hession of Big Pine; Misses Valma Goss and Donna Wilson of Glendale; Messrs. Clifford Trainor, Albert Williams, Alton. Stone and John Gordon of Los Angeles.

Your uniform will be just right if you buy it here. Our new tall goods are arriving daily. H. S. Webb & Co.—Adv.

VACUUM CLEANERS

GLENDALE MEN ENJOY SOCIAL EVENING WITH ASSOCIATES IN ONTARIO

Last Monday evening about a hundred electric appliance dealers and salesmen met in Ontario for a general good time and a big chicken dinner.

Glendale was well represented by J. A. Newton, Harry W. Wilson, J. A. Haines and A. W. Van Loon, all of the J. A. Newton Electric Company.

The big amusement of the evening was a competitive vacuum cleaner contest, which furnished much mirth.

Three of the best known vacuum cleaners on the market were used and a large rug was marked off in three equal sections. Five minutes were allowed each cleaner on one section, then all three cleaners were moved to another section for five minutes. All bags were emptied and inspected, then the final test was made by each cleaner going over the third section after the other two had cleaned the rug to the best of their ability. After this last five minute run the dirt was carefully emptied and weighed and the Hoover Suction Sweeper was found to have nine ounces of dirt against the six ounces of the next best and three ounces of the other machine.

This test certainly goes to show that the best possible combination for cleaning your rugs is air suction for taking up the dirt, dust, grit, sand, etc., and a rapidly revolving brush to pick up the threads, lint and hair.

More housewives are beginning to see the need of the household electrical appliances every day, since they can do their work cheaper and easier with electricity than they can do it by hand or hire it done.

HARRY W. WILSON,
J. A. Newton Electric Co.

HARROWERS' TOUR

We did not stay long in Victoria, and left by steamer for Vancouver, the route taking us through the wonderful wooded islands of the Georgian Bay. From a scenic standpoint I enjoyed it as much as the famous "Thousand Islands" of the St. Lawrence, after which the well known salad dressing is named.

Vancouver is a real, live city, very metropolitan when one is "downtown,' 'and very crude on the outskirts. Lumber mills everywhere and lumber sidewalks and, occasionally, streets remind one of the chief industry. Huge stacks of lumber trimmings are now seen on the parkways and front yards of many houses for now is the time to be putting in the winter's fuel.

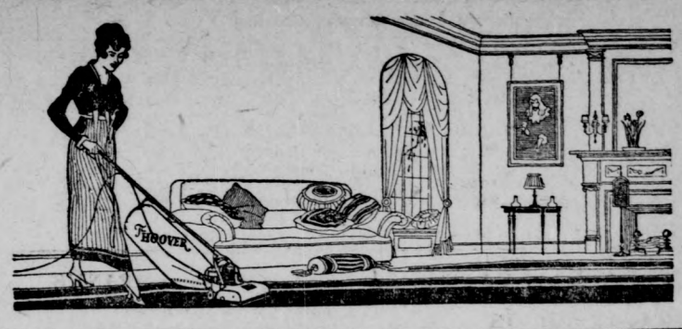
From Vancouver we went direct to Calgary to stay with old friends for a couple of days. Enroute the beauties of the Rockies were marred by the smoke from many serious forest fires, and our disappointment was aggravated by hordes of voracious mosquitoes. We found that they amounted almost to a plague and actually had stopped municipal road work, and cleaned out some of the famous tourist hotels a little earlier in the summer. Fortunately we "enjoyed" only the tailend of the plague but had all we wanted, I assure you. How glad we are that Glendale is free from this pest.

On our return journey we stopped for several days at the Banff Springs Hotel and, fortunately, it rained and cleared the air quite a lot and also beautified the mountains, because of the added snow. I need not speak of the beauty of the mountains and of the world-famous Bow Valley. We enjoyed them to the limit and the wonderful drives to Lake Minnewanka and Johnson's Canyon. At Lake Louise we stayed long enough to dine at the Chateau and take a few pictures, and then found the return trip much more interesting because we had timed it so as to see things passed by at night, and because the atmosphere, by this time, was much clearer.

We leave here tomorrow for a few days in Seattle and Portland and expect to visit in the Bay Cities and come home the same way.

We are having a splendid time, but repeatedly find ourselves a bit homesick for good little Glendale. We expect to be home about the second week in September. Best regards to all friends.

Sincerely yours,
HENRY R. HARROWER.



Save the cost of sending carpets to the cleaners

Put the money into your first payment on a Hoover that will

.....beat out all the imbedded grit
.....sweep up all clinging dirt
.....straighten the matted nap
.....restore the colors and patterns
.....prolong the life of the carpetings
.....BESIDES electrically vacuum cleaning them.

Don't live a "bare floor existence" with carpets at the cleaners. Your carpetings can be better cleaned—at home, on the floors, without moving the furniture, if you—

JUST RUN YOUR **HOOVER** OVER

IT *BEATS*. . . AS IT SWEEPS AS IT CLEANS

Carpetings soon accumulate dirt after being returned from the cleaners. Most of the year you live upon dirty floor coverings as the result.

Just running your Hoover over, regularly, keeps dirt out of them the year 'round—a sanitary advantage of great importance.

Have a Hoover and have an ever-clean home.

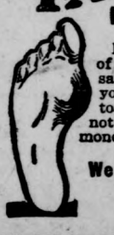
"The Model Store"

Among the new business ventures in Glendale is "The Model Store" to be opened Saturday at 1513 South San Fernando Road by Mrs. J. Rosenberg. Mrs. Rosenberg has installed a stock of dry goods and furnishings and is advertising some special prices for Saturday. The people in the southern part of the city will probably appreciate a store of this kind.

Bunion Pain!- Instant Relief!

For many years hundreds of our customers have used FAIRYFOOT—the instant bunion relief and cure. It gives wonderful results. Almost instantly after applying FAIRYFOOT the pain vanishes and the inflammation disappears. It actually "cures" by literally melting the bunion.

FAIRYFOOT FREE TRIAL



It is well to take the word of many users but not necessary, for a trial will convince you. Get a box of FAIRYFOOT today. If after using you are not satisfied, return and get your money back. We guarantee this.

We Have a FAIRYFOOT Remedy for Every Foot Trouble

Advertist it, or advertise for it in the Evening News.

The World Today

By A. R. EASTMAN

Manager Glendale Branches

Los Angeles Trust and Savings Bank

A. R. Eastman

The great benefit of savings deposits is perhaps not generally recognized, though should one only contemplate the enormous developments in Southern California made possible solely because of such deposits, a full appreciation could be had of the great advantages so easily accepted as a matter of fact.

* * * * *

For instance, what is your situation? Has your business, your salary or income any relation to the commercial activity of Glendale? And would you profit by its additional development? The answer must be—YES.

Must there not be constructed more homes, apartments, warehouses, factories and structures of every sort essential to business needs?

* * * * *

What about the farmer? Must he not succeed for your benefit, as well as for his own? Surely, and he must borrow money to maintain and develop his land. But from whom? From the bank, of course, which acts as the middleman between depositor and borrower, and which makes possible the concentration of funds to a sufficient extent to be of any appreciable force and power. And it is upon this co-operation of persons (savings depositors) through the medium of banks, that will largely depend the continued prosperity of the city and surrounding territory.

* * * * *

The bank provides you the facilities of obtaining funds required for your needed individual improvements, and, at the same time a means of lending your money, combined with that of others, to your fellow citizens.

Therefore, your deposit in the Glendale Avenue Branch or the Brand Boulevard Branch of The Los Angeles Trust & Savings Bank provides you not only convenience, safety and a habit of thrift which may some day save you hardship and embarrassment, but also gives you the opportunity to assist the community of which you are a part.

* * * * *

It is your duty to become a depositor—a live member of empire builders—and if you select either of these branch banks your account will be welcomed, however small, and your business will receive our earnest and best attention.

* * * * *

First National Bank of Los Angeles — Los Angeles Trust and Savings Bank

Glendale Elks to Hold Big BARBECUE

The greatest event ever staged by Glendale Elks' Lodge No. 1289 will take place next

SUNDAY, AUGUST 29

commencing at 10 o'clock a. m. at La Crescenta Canyon, 1½ miles west of Montrose for Elks only, when a stag Barbecue will be tendered; all Elks of Southern California are invited. The Barbecue will be under the personal supervision of Joe Romero.

In addition to the Barbecue there will be several entertaining features staged by members of the order and well known stage favorites.

THE GLENDALE PHARMACY

C. A. STUART, PROP.

Broadway and Glendale Ave. Glendale 146

Cheerfulness is about the only contagious thing we aren't afraid of.

The man who never gives up will some day have money out at interest.

Give some people a bite of an apple and there'll be no core.

Repentance comes readily when you see what your sin has cost you.

A woman often finds herself well fixed financially after having failed in marriage.

Virtue is a fault with some people.

CITY SCHOOLS

RUSHING ALTERATIONS TO INTERMEDIATE; BROADWAY COMPLETED SOON

The remodeling of the Intermediate school building began the first of the week and is being pushed to the utmost, so all will be ready for the opening of school. The offices of the school and of the board are both to be enlarged by setting the front wall further out and changing the entrance. The stair landings will be converted into rest rooms. On the west side four class rooms and a basement will be added. The latter will be roughed in for a cafeteria, which will not be started this year, however.

With the completion of these improvements and also the Broadway building the city schools will be well equipped to care for all the pupils wishing to attend.

The fall term opens on Monday, September 13.

PUBLICITY PAYS

LOCAL FIRM SHARES BENEFITS OF NATIONAL ADVERTISING CAMPAIGN

Neale & Gregg, Glendale agents for the Sherwin-Williams Paint Co., say their paint sales have trebled in volume since they took the agency for this paint six months ago. They attribute this to the national advertising campaigns conducted by the Sherwin-Williams Company, as well as to the quality of the paint. Neale & Gregg are using the window display furnished for a campaign now on as well as an advertisement in this issue of The Evening News. Mr. Neale says the Decorative Department of the Sherwin-Williams Company furnishes designs and color combinations and other interesting information free of charge to those who wish to paint or decorate their homes and these may be secured for the asking. "Every one of the 800 Sherwin-Williams dealers are advertising in their local papers today connecting up with the double page published in the Saturday Evening Post this week," said Mr. Neale.

PRIMARY ELECTION

PRECINCT POLLING PLACES AND OFFICERS FOR EACH, AUGUST 31

No. 1. Polling place, residence, 451 Palm Drive. Inspector, George L. Young. Judges, Sarah G. Wright, Mrs. Golden A. Dewey. Clerks, Mrs. Nellie J. Stofft, John C. Pollack, Fayetta Musser.

Voters should cut this out and preserve it.

Ex-Navy Man Enters Business

Sam Durand, a member of the high school alumni, has gone into the garage business, along with Eddie Winfield. Their shop is to be across from the fire station on East Broadway. Sam was a live one at High School and his friends who lost track of him after he entered the navy will be glad to know that he is again with us. If he puts the energy in his garage business that he had while in High School, his shop is sure to be a busy one.

Former Tennesseeans

Mr. and Mrs. W. W. Alexander of 117 West Acacia avenue, entertained a number of friends at 12 o'clock dinner Thursday. The guests were all former residents of Tennessee and the charm and social grace of the South made the dinner a most happy occasion. Those who enjoyed the hospitality of Mr. and Mrs. Alexander were Mrs. O. B. Brock and son Charles; Mrs. Sophia Rambeau of Sherman, Mrs. Katie Porter of Los Angeles, who are guests at the home of Mrs. John Mathis on South Maryland avenue; Mrs. John Mathis, Mrs. Ella Griffin and Miss Jessie Griffin. Wednesday evening Mrs. Ella Griffin of 130 West Acacia avenue, entertained the same group of friends at 6 o'clock dinner at her home.

Light and Water Service

The number of electric light connections in force July 31, as shown by the records of the Public Service Department, was 4727, and the water connections 4278. The average monthly increase is about seventy. At this rate the light connections by January 1, 1921, will be in excess of 5000, indicating a population of 25,000 in the territory served, which includes the Casa Verdugo and North Glendale districts and a few small settlements across the S. P. track and elsewhere.

Few homes are equipped with Shower Baths, due to lack of room or cost of installing them, but all can have a

BATH SPRAY

Everyone can enjoy the luxury of a daily shower at a small expense if they own a

Knickerbocker Shower-Bath Brush

¶ The Knickerbocker fits any bath tub and is guaranteed to give good service for a year.

¶ The Knickerbocker is at once a necessity and a luxury. With it you can have a shower, shampoo, massage and rub down in a short space of time and with almost no expense.

¶ The Knickerbocker way is the quick and sanitary way to enjoy a shower bath.

¶ Will you forego the comfort of a daily shower when you can buy a Knickerbocker here for

ORDINANCE NO. 393

(Continued from Page 6)

Drawn brass traps or any traps with slip connections on the sewer side of trap are prohibited.

If located in a building which is provided with a four inch vent stack, a sand trap which discharges through a four inch waste line need not be revented.

Section 31. PERPENDICULAR VENTS.

All vent pipes shall rise perpendicularly to a point six inches above the water level of the fixture vented, except water closet vents which when the structural conditions of the building are such that it is impossible to get a perpendicular vent, may run under the floor to the nearest partition, provided, that in no case shall any vent so constructed exceed thirty inches in length under the floor. Where possible, the vent pipe for water closet or trap standard or slop sink shall be taken from a Y fitting and have a continuous rise of not less than 45 degrees to a point at least six inches above the fixture.

Section 32. VENTS FOR SMALL FIXTURES.

Where more than one small fixture is to be vented into the same vent pipe the internal diameter of such pipe shall be as follows:

For not exceeding two fixtures, 1½ inches.

For more than two and not exceeding eight, 2 inches.

For more than eight and not exceeding twelve, 2½ inches.

For more than twelve and not exceeding twenty, 3 inches.

The term "small fixture" shall mean any fixture using not larger than 2 inch waste pipe.

Section 33. REVENT PIPES FOR WATER CLOSETS.

No revent pipe from any water closet or trap standard or slop sink shall be less than two inches inside diameter, and no such pipe shall intersect with any vent stack less than six inches above the highest fixture or less than three feet above the floor. Where more than one water closet of slop sink is vented through the same vent pipe, the size of such pipe shall be as follows:

For not exceeding four water closets or slop sinks, 2 inches.

For more than four and not exceeding eight, 2½ inches.

For more than eight and not exceeding fourteen, 3 inches.

For more than fourteen and not exceeding twenty-four, 4 inches.

Section 34. WATER CLOSETS SET BACK TO BACK.

Where two water closets or trap standard slop sinks are set back to back and waste into one four inch fitting, such closets or sinks may be ventilated by one two-inch pipe taken from the center opening into the fittings, provided the ventilating pipe rises perpendicularly to a point at least six inches above the top fixture and never less than three feet above the floor.

Section 35. FIFTEEN FOOT HORIZONTAL VENT.

No vent pipe running in a horizontal direction shall exceed fifteen feet in length, and each such pipe shall have a fall of not less than one-quarter inch per foot. No small fixture having a waste pipe of two inches or less in diameter and located on a house sewer which has a four inch ventilating stack need have a ventilating pipe larger than the waste pipe.

Section 36. SEWER VENTILATOR.

No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator or to ventilate any trap, drain, fall or waste pipe.

Section 37. TOP FIXTURE.

A fixture which is the top fixture on a vertical stack and not more than two feet from the inlet to the stack need not have its trap revented, provided it does not discharge into the stack below the level of the trap seal, except water closets, the trap of which is in the bowl.

Section 38. ONE AND ONE-HALF INCH COUPLINGS REQUIRED.

Where a connection is made between an inch and a half wrought iron pipe and a two inch cast iron hub, a full one and one-half inch galvanized coupling shall be used.

Section 39. LAUNDRY TRAYS.

Where laundry trays of not more than two sections are located on a screen porch or in a building used for laundry purposes, such two piece laundry tray may be connected to one trap and vented.

Section 40. CHEMICAL LABORATORY SINKS.

Except in case of chemical laboratory sinks, no wooden plumbing fixtures shall be maintained or used in connection with any plumbing system, and with said exception, all plumbing fixtures shall be of non-absorbent material. The waste and ventilating pipes in connection with chemical laboratory plumbing, and all waste pipe and ventilating pipes receiving the discharge of fixtures in which acids are used or which are intended for such use, shall be constructed of extra heavy cast iron, lead, or vitreous ware, and shall be exposed and run in the open so that any part thereof can be replaced without damage to the building. Such waste or ventilating pipes shall not intersect with soil, waste, or ventilating pipes receiving the discharge of any other fixture.

Section 41. WATER CLOSETS.

Every water closet bowl shall be of one piece vitreous ware type with trap in bowl.

No water closets shall discharge into a pipe less than four inches in diameter. There shall be a lead connection at least four inches in length between the closet bowl and soil pipe, except in cement, which must be of cast iron. Raymond Ferrules are not permitted.

Section 42. RANGE OF CLOSETS OR LATRINES.

The use and maintenance of latrines or range or front washout closets is prohibited in all cases, and where such latrines or range front washout closets exist they shall be replaced with closets conforming to specifications herein contained. No tank closets shall be put into or upon any property, house or building unless such water closet be flushed through a flush pipe of not less than 1¼ inch inside diameter and used in connection with a tank containing not less than five gallons of water. No waste pipes or other plumbing fixtures shall enter the four inch lead bend or closet stub.

Section 43. SLOP HOPPERS.

No slop hopper or trap standard slop sink shall discharge through less than a three inch waste line.

All water closets, urinals, or other plumbing fixtures shall be provided with a sufficient supply of water for flushing to keep them in a proper and sanitary condition.

Section 44. CONSTRUCTION OF URINALS.

All urinals shall be constructed of porcelain or vitreous ware. The walls and floor space, including back and side walls of any urinal stall to a point two feet in front of the urinal lip, and six feet above the floor, shall be of hard burned glazed tile, marble, or of some equally non-absorbent material. If there be no urinal stall, the wall or walls, back of or at the side of the urinal to a point six feet above the floor and two feet on either side of the urinal, shall be protected in the manner hereinbefore described. The floor shall be protected in like manner to a point two feet in front of the urinal lip. Where stall urinals are used, all intervening wall and floor space between urinal and wall or walls, and floor, to a point one foot on either side of the urinal or battery of urinals shall be protected as herein above described. A cove or sanitary base is required in connection with all urinal work. Cement or slate will not be considered a non-absorbent material when used in connection with urinals. All urinals shall be automatically flushed from tank above fixture.

Section 45. CLEANOUTS.

A. Every fixture shall have a cleanout, and cleanouts shall be provided at the foot of all vertical lines of soil or waste pipe, at the end of each horizontal pipe, on horizontal soil or waste lines or house sewers at least every one hundred (100) feet or fraction thereof, and also in other places where made necessary by the character of construction.

B. All cleanouts in soil lines and waste lines shall be of brass flange variety, with at least five threads and of not less than the following weights:

2 inches in diameter, one pound.

4 inches in diameter, two and one-half pounds.

C. Every cleanout or trap screw ferrule shall be of the same diameter as the soil or waste pipe to which it is attached, up to four inches in diameter, and shall be not less than four inches in diameter for pipes larger than four inches in diameter.

D. All such cleanouts or trap screw ferrules installed in or under cement floors in any basement or cellar or the first floor of any building shall be brought up where they are accessible at the finished floor.

E. Every cleanout or trap screw ferrule required by this ordinance shall be installed in such a manner as to be readily accessible. Every such cleanout or trap screw ferrule shall have a clearance of 18 inches from any pier, foundation wall, partition, or girder, or any other structural part of the building which would tend to obstruct the accessibility of the same, and no cleanout of any soil or waste line will be considered accessible unless there be at least two feet of unobstructed space between the floor joist and ground, extending to such cleanout from a window not less than 24 by 30 in the foundation or from a cellar.

F. All cleanouts shall be made tight without the use of paint or other similar substances, and shall be kept closed at all times except when an obstruction in the soil or waste line occurs, and then may be opened for a reasonable time in order to clear out the obstruction.

G. Cleanouts on openings shall not be used for floor drains. Cleanouts in basements or cement floors shall extend at least one-half inch above the floor level.

Section 46. LEAD PIPE OR BENDS.

Lead pipes or bends used in plumbing or drainage systems shall be of heavy weight, approved by the inspector. Where lead comes in contact with cement or concrete floors, or walls, it shall be protected by coating with liquid asphalt. When directly in cement cast iron shall be used.

LEAD PIPE CONNECTIONS.

All connections in lead pipe shall be made by plumbers' wiped joints on sewer side of trap. Connections between cast iron pipe and lead shall be with brass ferrules, or brass solder nipples. Bolted cup or flush soldered joints are prohibited in all cases on sewer side of trap.

Section 47. FLOORS MUST NOT BE LAID UNTIL AFTER INSPECTION.

In construction of buildings in which the bottom of the first floor joists are within two feet of the ground, such flooring shall not be laid until the rough plumbing underneath such floor has been inspected and tested.

Section 48. FLASHINGS.

Where pipe flashings are required they shall be of sheet lead, copper, or galvanized iron coated with red lead.

Roof or surface water shall not be permitted to enter the sewer or cesspool.

Section 49. THREADED PIPE NOT PERMITTED ON SOIL OR WASTE.

Use of threaded fittings or screw pipe is prohibited on all soil or waste lines, provided that on small fixtures a galvanized screw nipple well reamed and not more than nine inches in length may be used to connect to the cast iron waste.

Section 50. TEST.

Before the fixtures are placed in connection with the plumbing of any house or building or any portion of the drainage system is covered or concealed from view, the outlet of the soil pipe at cesspool or sewer and all openings into it below the top shall be hermetically sealed. The pipes shall then be filled with water to the highest points in the system. Every leak disclosed must be repaired and all defective pipe and fittings of all kinds must be removed and replaced with sound material. All the material used in the installation of any plumbing or drainage system or part thereof shall be of good quality and free from defects, and all labor on such installation shall be performed in a thorough and workmanlike manner.

Section 51.

It shall be the duty of the Sanitary Inspector and he is hereby authorized and empowered to condemn and compel the removal or repair of any defective or unsanitary plumbing, cesspool, sewer, or gas heater vent, that is or which may become dangerous to health or property or which is a violation of any of the provisions of this ordinance.

Any soil pipe, drain pipe, trap, water closet, urinal, sink, or other pipes or fixtures set up or fitting or fittings laid, used, or constructed, otherwise than in accordance with these regulations or which shall, in the opinion of the Sanitary Inspector, be or become bad or defective, shall, upon notice in writing from said Inspector, be removed or repaired in the manner determined therein, at the time fixed by said Inspector.

If any plumbing in the City of Glendale heretofore installed should be found unsanitary by the Sanitary Inspector, he shall make his order hereunder in writing and shall therein specify a reasonable time in which the work therein directed shall be done. Such order shall be served by delivering a copy thereof to the owner or person in control of the premises where all such work is ordered. If no such person can be found, such order shall be posted in conspicuous place upon such premises.

All plumbing or house drainage work done to replace any that may be condemned by said Sanitary Inspector, shall be considered as new work, and constructed in conformity with the requirements of this ordinance, and no person or persons shall connect, or cause to be connected any plumbing or house drainage work with any cesspool or public sewer unless the said plumbing and house drainage work conforms to the requirements of this ordinance. Upon the renewal or alteration of any building, or upon the making of any repairs or additions thereto, if any new plumbing fixture is placed in such building, either in the original or in the altered, repaired, or added part thereof, every such new fixture must be properly connected with and attached to the waste pipes in the original parts of such building, and if any fixtures are to be set either in the new or old part of such building both such original and such additional fixtures, and any altered plumbing whatever, must be made to conform in all respects to the rules and regulations prescribed in this ordinance.

Section 52. THOSE WHO ARE HELD LIABLE.

When anything is prohibited in this ordinance, not only the persons actually doing the prohibited thing, but also the employers and all other persons actively concerned therein shall be liable, upon conviction, to the penalty prescribed.

Section 53. GAS FITTINGS AND PIPINGS.

Inspection of gas fitting work done under permit shall be a first inspection and final inspection.

The first inspection shall be made after the piping authorized to be installed under the permit shall have been installed and before any such piping has been covered or concealed or any fixtures have been attached thereto. The final inspection shall be made after the piping authorized to be installed under the permit is in place and has been covered or concealed. This inspection shall include the application of an air pressure by which the pipe shall be subject to a pressure of ten pounds to the square inch. Up to the time of the first inspection all work must be left uncovered and convenient for examination. All inspections shall be made by the inspector after receipt of the notice hereinbefore mentioned. All the necessary tools, labor, and assistance for these tests in any inspection, shall be furnished by the person, firm or corporation having control of the work to be inspected.

When any gas piping or gas fitting, for the installation or alteration of which a permit has been issued, shall be found on inspection to conform to the rules and regulations provided by this ordinance, there shall be issued by the Superintendent of Buildings a certificate of Inspection, certifying that such piping or fittings have been inspected and found to comply with the terms of this ordinance. It shall be unlawful for any person, firm, or corporation to use gas through or by means of any piping or fittings in any buildings, or to furnish or supply gas to be used through or by means of such pipe or fittings, until the same shall have been inspected and approved and the certificate hereinbefore provided shall have been issued therefor.

Section 54. GAS PIPING AND REQUIREMENTS.

The following rules and regulations shall be followed in the construction and installation of gas piping and gas fitting work. The minimum diameter of gas piping in-

GAS FRANCHISE

NOTICE OF SALE OF FRANCHISE TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing, specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil to be carried by the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 7th day of October, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand ($1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

J. C. SHERER,
City Clerk of the City of Glendale.

Uncle Sam at His Best

Uncle Sam is a many-sided character, not always recognized at his true worth and receiving the respect he deserves. Ordinarily citizens are disposed to smile at this imaginary emblem of their country, and especially to scoff at him when he is functioning as "the government." But once in a while there comes a revelation. Such an awakening came to Denver the other day, when the city was at the mercy of a mob. The Rocky Mountain News tells about it in these eloquent words:

"Before federalism appeared we had an augmented police force, the American Legion in uniform. It did all that could have been hoped of it, yet there was that something psychological lacking until federalism made its appearance. Then it was not Denver, not Colorado, it was the United States. It was the Impersonal United States. Our inherited memory came into play; our reading of history made itself felt. Here was the strength that made the republic patrolling our streets. It was indifferent to our quarrels and jealousies and local politics. It was the law of the land; its enemies, whoever they might be, were those who would have no law. The Jovian Uncle Sam looked down from his seat upon the common mortals, determined to deal fairly by all of them, in his heart, hidden by his armour, a touch of pity for us in our ant-like quarrels.

"The mob that seemed so fearsome the night before disappeared on sight of the helmeted Uncle Sam and our fears were dissipated as a child's dread of darkness disappears with the first glimpse of sunlight. It was not the ugly headgear, it was not the accoutrements that dispelled Denver's fearthot; it was the something unseen but felt in the heart—the puissance of him we love, and laugh at in our thotless moments, but to whom we appeal in the hour of darkness—the symbol of American right and might."

It was the same awakening that has come to any American of depth and imagination, when occasion has made him the witness of a similar display. The revealment came to all Americans when Uncle Sam marshaled his lads for the big war and sent them on to victory. Lately the vision has oft seemed dim. If the nation could only hold, and see Uncle Sam right along as Denver saw him, most of these national troubles and differences would fade like a mist.

Strong Arm of Music

An endurance test of quaint variety, if doubtful value, will be held at Croyden, England, starting September 1. On that date piano players from all over the world will meet to compete for a prize of $50,000 offered by a Chicago piano manufacturer to the man who plays the piano best and without a break for 100 solid hours.

Once in New York a man named Schroeder played the piano for 82 hours without stopping, and recently an Englishman tickled the keys for 67 hours, but had to stop because he ran out of selections. He is said to be in training now, hardening his muscles and increasing his repertory for the September hop-off.

There may be coarse-minded persons with no music in their souls who will hint that this contest is nothing but an advertising scheme, or even insinuate that a bunch of strong arms trained for such endurance might better be set to work at rebuilding devastated France, or helping Poland lick the Bolsheviki, but away with all such moralists! Long live Art, even if it gives the artist paralysis of the wrist! What is a paralyzed wrist or two to a fellow with $50,000 in his jeans? Heavenly Maid, as a poet called her, when some iron-fisted son of harmony sits down and bangs the box for 100 hours straight! And why doesn't the Chicago Art patron make it a good one, and offer a little something on the side to the chap who makes the most noise?

The man who thinks the country is being run just as good as he could run it himself, can be safely classed as a conservative.

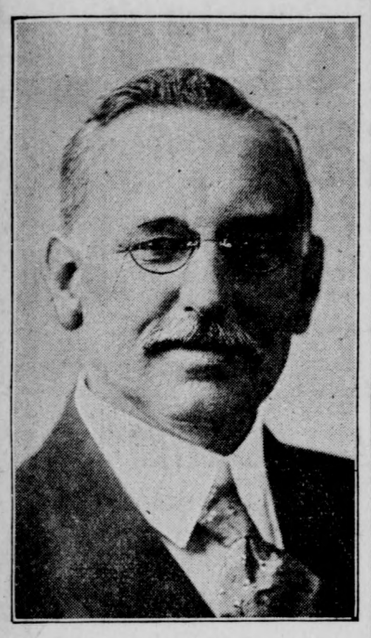
REPUBLICANS

You are asked to vote for

Chas. F. Van de Water



CHAS. F. VAN DE WATER

For CONGRESS On Tuesday

For the Following Reasons:

He stands for protection of domestic products through an honest protective tariff.

He stands for national co-operation with business for presperity and sane living.

He stands for fair and unbiased assistance for the worker and for the business man alike in the adjustment of the great industrial question.

He stands for Americanism always above par.

He is whole-heartedly in favor of legislation desired by the American Legion designed to better the condition of individual members who participated in the world-war.

PRIMARY ELECTION AUG. 31

GENERAL ELECTION NOV. 2

Woman's Responsibility

Now let us get the implications of woman's enfranchisement precisely fixed. Many have discerned in the "votes for women" movement a demand for privilege. But the women who have striven year in and year out to prevent equal franchise have had no misconception on this score. By them let all women be instructed.

The nineteenth amendment means that the rights of citizenship are granted to women not only, but that the obligations of citizenship are imposed on them. Chief among the obligations is the taking of a citizen's part in the conduct of government, primarily by voting for representatives who, under our system, act for the people in public affairs. Much more is implied than the privi'ege of using the ballot. They should prepare to take their share in the public business of the country, take an active interest in public questions, in political organization, serve on election boards and on juries — which may not seem so emancipating.

This may seem to be expecting more from the women than a great many men contribute, but it is paying the women the compliment of placing them on an equality with the most public-spirited men rather than the indifferent and negative citizen. From what has been observed of the attitude of women in political campaigns they display a keenness, an insight and a determination that most men might do well to emulate. It is on these demonstrated faculties that the hopes for the betterment of politics, administration and government through the participation of women are based.

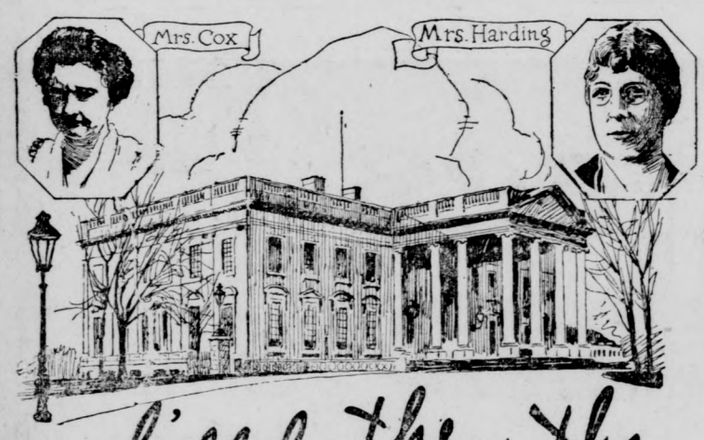
Plan to Rebuild Old Fort

CHICAGO, Aug. 27. — (United Press).—Plans are being made here to reconstruct historic Fort Dearborn at Eighteenth street and Lake Michigan, as a permanent educational exhibit.

In addition to the stockade, it is proposed that the homes of the earliest settlers of Chicago, or "Fort Dearborn," shall be rebuilt. The work will be done under the direction of Chicago's First Families.

Instead of quitting the bandit game altogether Villa might have come North and opened a shop for regulating prices upwards.

It makes a man feel like a sucker to see the kisses he has coaxed for wasted upon a little black and white pup.



Who'll be the First Lady of the Land?

—a question that will remain unanswered until the Fourth of next November, but you'll want to know all about them beforehand and be thoroughly familiar with the policies and ambitions of the two Presidential nominees—to have complete and reliable knowledge of their platforms and their parties. The best way to keep "posted" on such vital matters is to read The Examiner every morning—it contains the observations and opinions of the country's greatest writers—articles that are alive with fresh and authentic news that may be depended upon to furnish you with the plain, unvarnished truth and the actual facts of the present political situation.

The Examiner has the complete confidence of its readers because it tells the truth, the whole truth and nothing but the truth.

CONDITIONS IN EUROPE

SAN FRANCISCO, Aug. 20.—(By United Press.)—An apparent collapse of morals and morale in Germany was one of the impressions of a trip to Europe described to the Pacific Coast Furniture Dealers' convention here by President J. B. Levison of the Firemen's Fund Insurance Company.

"In Germany I was impressed by the apparent collapse of morale and morals of the country, which naturally influences every function and activity," Levison declared.

"A condition which strikes the traveller very forcibly is the complete absence of livestock in the country, due naturally to the fact that the Germans were obliged to give up a very large quantity following the terms of the peace treaty.

"In Berlin food conditions are very serious, milk being reserved practically altogether for infants and invalids and sugar had no sweetening effect that I could notice. Butter was very scarce and the bread could not be eaten.

"Notwithstanding this, however, the wealthy people can obtain nearly anything they desire, a condition which, in its ultimate result, is seriously disturbing."

Levison declared Belgium is the "wonder country of the world" in her quick recovery from the effects of the war.

"Holland and the Scandinavian countries reaped, as we all know, huge profits during the war and here one finds the people spending money as if there were no limit to their resources. In fact, thrift appears to have vanished entirely throughout Europe."

"The number of women in mourning and the number of reconstructed men at work," were two things which particularly impressed Levison in France.

"The French people so far have made comparatively little effort either in the direction of thrift or in looking to the future in respect to their debt," he declared.

Almost any profiteering dealer has an alibi that is clever if it is not convincing.

ORDINANCE NO. 393

(Continued From Page 11)

stalled in any building, the number of lineal feet and the maximum number of burners allowed shall be in conformity with the following table:

Size of Pipe	Length Allowed	Number Burners
3-8 inch (Vertical only)	15 Feet	2
1-2 inch	40 Feet	9
3-4 "	80 "	25
1 "	100 "	45
1 1-4 "	150 "	80
1 1-2 "	250 "	250
2 "	400 "	500
2 1-2 "	600 "	900

In estimating the number of burners allowed for gas piping, each outlet through the ceiling of stores, parlors, dining room, offices, public halls, and rooms used for similar purposes, where it is intended that these outlets will supply gas for illuminating purposes only, shall be deemed to be three burners. For each outlet in the ceiling of bedrooms, bathrooms, toilet rooms, halls, pantries, porches, or bracket lights where it is intended that these outlets are to supply gas for illuminating purposes only, allow one burner. To determine the number of burners for heating purposes, allow three burners for each gas grate, gas log, or gas heating stove or appliance, combination boiler, water heater, or non-automatic gas water heater outlet; ten burners for each outlet for a cook stove, or so called hot plate. To determine the number of burners for automatic or automatic thermostatic gas water heater allow:

8 burners for each one-half inch outlet.

25 burners for each three-quarter inch outlet.

45 burners for each one-inch outlet.

80 burners for each one and one-quarter inch outlet.

250 burners for each one and one-half inch outlet.

500 burners for each two inch outlet.

The diameter of the supply pipe to every such automatic or automatic thermostatic gas water heater shall not be reduced in size from the meter to the inlet for the heater. No such heater shall be connected to any gas pipe outlet smaller in diameter than the diameter of the inlet pipe on the heater.

All horizontal pipe shall be at least one-half inch in diameter, except that in exposed work three-eighths inch horizontal pipe for a single light may be run a distance not exceeding fifteen feet. In concealed work where practical, all center outlets or drops shall be bent in preference to drop pipe with straps soldered thereto, no center light or drop shall be of smaller diameter than one-half inch.

Brackets, fireplace, and stove outlets shall be bent and have an offset, or be provided with bracket elbows to prevent removal. Gas grate and fireplace outlets must be at least two inches clear of the finish and bottom of fire basket.

No pipe smaller than three-quarter inch shall be run for cooking stoves, hot plates, or instantaneous heaters. Drop pipes for center and bracket outlets shall not project through the finish of ceiling, wall or partition lines more than one inch.

All gas pipe shall be well secured to the building and shall grade or incline toward the meter 1-4 inch per foot, and wherever necessary shall be provided with drip pipes so as to prevent any trap or depression where condensation would remain. Whenever drip pipes are used, the end of such drip pipe must be exposed and so arranged as to be easy of access.

Gas piping shall not be filled with water for the detection of leaks, nor shall gas fitters' cement, sealing wax, or other similar composition be used for the stoppage of leaks.

GAS HEATER

Every gas heater hereafter installed, which is used or intended to be used for the heating of water, shall be connected to its gas supply with iron pipe and shall be connected to a vent pipe of tile or cement the same size as opening on the heater with cemented joints leading to and through the roof of the building, and to conform to other regulations elsewhere provided by ordinance.

Section 55. DEFECTIVE GAS PIPING.

If the Sanitary Inspector shall find any part of any gas pipe or gas fitting in or about any building in the City of Glendale to be in a dangerous condition to life or property, he shall notify the owner, tenant, or occupant of the building in which such gas pipe or gas fittings are located to have the defects repaired immediately and to refrain from using gas by means of said defective pipe or fittings until the same have been repaired and rendered safe. He shall have the right and power to cause the supply of gas to be shut off until the necessary repairs have been made. He shall give written notice to the person, firm, or corporation supplying gas to any such defective pipe or fittings to cease the supply until the necessary repairs have been made, and it shall be unlawful for any person, firm, or corporation to furnish gas for use in or by means of any defective gas pipe or fittings after receiving such notice, until the necessary repairs have been made. Before making any connection to supply gas to any building that has not already been supplied with gas, the person, firm, or corporation about to furnish gas thereto shall ascertain whether a certificate of inspection has been issued for the gas fitting or gas piping to be supplied, and for that purpose may demand a production and exhibition of such certificate by the owner, tenant, or occupant of the building in which the gas piping or gas fitting is located before supplying gas therefor.

Section 56. CESSPOOLS.

Every cesspool hereafter constructed in the City of Glendale shall have a brick lining and shall be cylindrical in form, and the walls of such cesspool shall be not less than four inches in thickness. All brick therein shall be whole brick except arch and shall be laid flatwise and true with no vacant space between brick and earth walls, with all joints flushed solid, and laid in cement mortar except that from the bottom to six feet below the surface of ground and end joints may be spaced 1 1-2 inch apart without mortar. The top, and two feet below such arch of such cesspool shall be arched or drawn in, jug shape, and all brick used in arching said top shall be laid in cement mortar, consisting of one part of cement to two of clear sharp sand. The outside of arch shall be completely plastered with cement mortar of same proportions as aforesaid. The internal diameter of every cesspool shall be not less than four feet and shall be undiminished in size from bottom to within four feet of the surface of the ground. Cesspools of greater interior diameter than five feet and more than twenty-five feet deep shall have walls and top not less than eight inches in thickness, constructed as hereinabove provided. The top of every cesspool shall be at least two feet below the surface of the ground and the bottom thereof at least sixteen feet below the surface of the ground.

No stand pipe or vent pipe opening to the outer air shall be connected directly to any cesspool, but every cesspool shall be vented through the waste pipe leading thereto.

No cesspool shall be built nearer than five feet to any property line of the lot on which it is located, or closer than ten feet to any building.

For any building occupied by more than two families, also for any restaurant, hotel or business block, the cesspool shall be at least five feet in internal diameter, and twenty-five feet deep, with other dimensions and regulations the same as described heretofore. The arch must be left off until the cesspool has been inspected. After the construction of the arch, final inspection shall be made and a certificate of such inspection issued by inspector. No cesspool shall be covered until after said certificate of final inspection has been issued.

Section 57.

When a permit is issued for an additional cesspool, said permit shall provide that the original cesspool, if not constructed in accordance with the provisions of this ordinance, shall be abandoned and completely filled with earth.

Section 58.

When there are two or more cesspools used for one premise, or when two or more cesspools are connected so as to permit of tthe contents from one cesspool flowing into the other cesspool, said connection shall be so constructed as to provide that all of the said cesspools so connected shall have at all times an open vent through the sewer to the high point of the roof.

Section 59. SEPTIC TANKS.

Septic tanks constructed in accordance with plans and specifications adopted by the Board of Trustees, which plans and specifications shall provide for a suitable and sanitary method of disposing of the effluent therefrom, may be installed in lieu of or in connection with cesspools as hereinbefore provided.

Section 60. PENALTY.

Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not less than ten dollars nor more than three hundred dollars, or by imprisonment in the County Jail of the County of Los Angeles for not less than five days, nor more than three months or by both such fine and imprisonment.

Every such person, firm, or corpouration shall be deemed guilty of a separate offense for each and every day during which any building erected, constructed, altered, repaired, raised, built upon, demolished, or moved, or in which any plumbing, house drainage, gas piping, gas fitting has been installed or sewer or cesspool constructed by such person, firm or corporation in violation of any of the provisions of this ordinance continues in such condition, and for every day during which any other violation of this ordinance by such person, firm, or corporation, continues, and shall be punishable therefor as hereinbefore provided.

Section 61.

ORDINANCE NO. 84, "AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE CREATING THE OFFICE OF PLUMBING INSPECTOR, PROVIDING FOR THE APPOINTMENT OF SUCH OFFICER AND PRESCRIBING HIS POWERS AND DUTIES AND ESTABLISHING RULES AND REGULATIONS FOR INSTALLING PLUMBING WITHIN SAID CITY LIMITS," is hereby repealed and all ordinances amendatory thereto.

Section 62.

The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper printed, published, and circulated in the City of Glendale, and thereupon and thereafter shall be in full force and effect.

Adopted and approved this 26th day of August, 1920.

HARTLEY SHAW,
President of the Board of Trustees of the City of Glendale.

HARDING'S SISTERS

TWO MATRONS, ONE OF SANTA ANA, MEET REPUBLICAN WOMEN

Senator Harding's two sisters, Mrs. E. E. Remsberg of Santa Ana, and Mrs. Heber Votaw of Washington, D. C., who has been visiting her, were guests of honor at the meeting of the Republican Women's Study Club, held in the ballroom of the Alexandria Hotel, Los Angeles, Tuesday night. A number of Glendale ladies had the pleasure of greeting them. Fully 1000 women were present and great interest and enthusiasm were manifested. The speakers were Governor William D. Stephens and Miss Amelia Bingham, noted actress.

Mrs. Remsberg and Mrs. Votaw are earnest campaigners for their brother, whom they firmly believe will be the next President.

Two other relatives of Senator Harding were present on this occasion, Mrs. Frances Wyatt of Sawtelle, an aunt, and Mrs. F. E. Biggs of Santa Ana, a niece.

Everything comes to the man who waits, but a bald head seems to be about the surest.

There are red and yellow menaces, but the white man also seems to be making some trouble.

It was bad enough to be poked in the eye by a woman's elbow when it had a little covering.

When a man is keeping his eyes on his enemies some professed friend comes along and gives him a hard jolt.

Town Has No Baths

VRAJNE, Serbia. (By Mail).—There was a time in Vrajne when the people included whatever the Serbian word for bath may be in their everyday vocabularies and not infrequently suited the action to the word, but that was hundreds of years ago. Today it is with difficulty that the envoys of the American Red Cross at Vrajne are teaching the people the practical meaning of the word.

And yet, of all the towns in Serbia, Vrajne is the one which should be most familiar with baths and bathing, for it is the home of the biggest and oldest Turkish bath establishment in the country. The ancient baths were built in the sixteenth century by the Turks themselves, who then ruled the country. They are housed in an ancient stone structure with a red tile roof.

baths were operating, flowed into baths were operating, flower into huge vats above primitive underground furnaces from a spring whose crystal stream, now released, still bubbles through the vaulted cellars of the ancient establishment. The steam from the vats was led to the hot rooms above through channels out in the solid rock walls of the building, for in the days when the Vrajne baths were constructed there was no such thing as an iron or lead pipe.

Today the Vrajne baths are deserted. Bathing is a ritual of which the city's population has known nothing for generations. The youths of the town are learning the art from the Red Cross workers but the elders still look on the regular abultion of the body as a troublesome superfluity, and the ancient baths of Vrajne may crumble into ruins ere the subterranean steam vats boil and bubble again.

A Very Prosperous Bank

in a community of thriftless people is an economic impossibility. The people in this community are thrifty and prosperous and their condition is reflected in the remarkable growth of the banks here with with which they do business.

The
GLENDALE SAVINGS BANK

at the southwest corner of Brand and Broadway, has opened more than one hundred and fifty new accounts since the first of July, more than half of them during the first twenty days of August. And we take advantage of this opportunity to thank those who have thus favored us, and to invite others to join us in our efforts to make Glendale

A Very Prosperous City

Who can remember the days when an article could be bought for 10 cents, or three for a quarter.

A woman gets suspicious when a man shaves off his moustache while she is away on a visit.

GAGE HATS

MILLINERY

IT is our privilege to offer, beginning Wednesday, September 1, a shipment of **Gage Hats** that we have just received from these well-known creators of authentic and original designs in millinery.

In this collection of models are used fabrics of such marked merit that the designers were able to produce what has been termed the most artistic line of headwear seen for many seasons. Some of the hats are made of a rich quality of Lyons velvet, others of peach skin—a high grade of duvetyn—some of brocades, plushes and taffetas; and in others, two or more of these fabrics are artistically combined.

The range of colors includes, in addition to black, navy and taupe, such shades as rosewood, pheasant red, pheasant brown, gladiola red, burnt orange and surf green.

Metallic trimmings, laces, braids and embroidered soutache designs are in evidence, as also is angora yarn used in conventional designs. In the soft hats a large variety of fabrics are embroidered with an equally large variety of braids.

There are many small hats of unique design; others in the popular sailor shapes with both the narrow flat and large drooping brims. The hats all bear the **Gage Mark,** and this showing affords you an occasion to become acquainted with the newest things in Gage Millinery for Fall.

We also carry models from Fisk, Marshall Field and Jardine of New York.

SHAW FOR JUDGE

GLENDALE MAYOR GOOD JUDICIAL MATERIAL, SAY LEADING ATTORNEYS

Attorney Hartley Shaw, president of the Glendale Board of Trustees, is a candidate for Superior Court judge and it is expected that he will poll a big vote at the primaries next Tuesday.

Mr. Shaw has the indorsement of 600 of the leading attorneys of the county who say he is peculiarly fitted for a judicial position. Perhaps Mr. Shaw inherits those qualities necessary to a good judge, as he is the son of Judge Lucien Shaw of the California Supreme Court, but his record of twenty-three years as a practicing attorney in this county; six years as Chief Deputy District Attorney of Los Angeles County; three years as assistant City Attorney of Los Angeles; and City Attorney of Eagle Rock and Tropico will have their weight with the voters.

Attorney Hartley Shaw

Mr. Shaw's capability, his qualifications for the bench and his fearless honesty have never been questioned either by the people of this community where he has lived for nine years or by the bar of Los Angeles County.

4500-Mile Highway

DENCER, Aug. 28. — (United Press.)—The world's longest continuous auto scenic highway—4500 miles—connecting eleven national parks and traversing nine Western states, was dedicated here today to all America by Stephen T. Mather, director of the National Park Service, and officials of the National Park-to-Park Highway Association.

The simple ceremonies consisted of "a world challenge to compete with the enchanting wonders contained in the federal recreational areas," which lure the traveler to snow-cooled heights. The dedication here was marked with the opening of a publicity tour by the federal, state and city officials, including Director Mather.

The days of old prairie schooner travel were wiped out forever in the caravan of twenty-five automobiles that carried the official party in comfort on the circle swing that will require sixty days to complete. It also heralded a new era in which every man, woman and child in the country is given a share in the hospitality of the great West.

The park-to-park highway, laid out by A. L. Westgard, scout for the American Automobile Association, reaches the Rocky Mountain National Park in Colorado, Yellowstone Park in Wyoming, Glacier Park in Montana, Mount Rainier Park in Washington, Crater Lake Park, Oregon; Lassen Volcanic Park, Yosemite, General Grant and Roosevelt Parks in California, the Grand Canyon in Arizona, and Mesa Verde Park in Southwestern Colorado.

The ultimate object of the National Park-to-Park Highway Association is to prevail upon Congress to furnish a hard-surfaced boulevard making easily available to the people, America's playgrounds.

THE EVENING NEWS OFFICE IS OPEN FOR BUSINESS FROM 6:30 O'CLOCK A. M. TO 9:30 P. M. EVERY DAY OF THE WEEK EXCEPT SUNDAY. 139 SOUTH BRAND BOULEVARD. PHONE GLENDALE 132.

Vote at the Primaries Tuesday, August 31

RESOLUTION NO. 1118

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING THE REMOVAL OR DESTRUCTION OF DIRT, RUBBISH, WEEDS AND RANK GROWTHS FROM CERTAIN LOTS AND GROUNDS AND FROM THE SIDEWALKS OPPOSITE THERETO.

WHEREAS, The Board of Trustees of the City of Glendale did on the 3rd day of August, 1920, pass a Resolution No. 1112 declaring their intention to order the removal or destruction of dirt, rubbish, weeds, and rank growths from certain lots and grounds therein described and from the sidewalks opposite thereto, and

WHEREAS, The hearing of objections to said proposed work was regularly fixed for this time;

NOW THEREFORE, The Board of Trustees of the City of Glendale do resolve as follows:

Section 1. That no owner of or other person having any interest in any property liable to assessment for the work or any of the work described in said Resolution of Intention No. 1112 has made any written protest against the proposed work.

That no work described in said Resolution of Intention No. 1112 or work similar in all respects thereto has been done or performed to the satisfaction of the Street Superintendent or in accordance with the description of such work in said Resolution of Intention, or at all, as to any grounds or lots described in said Resolution of Intention.

Section 3. That this Board hereby orders the Street Superintendent of the City of Glendale to have done all the work described in said Resolution of Intention No. 1112.

Section 4. The City Clerk shall certify to the passage of this Resolution and cause the same to be published by one insertion in the Glendale Sentinel-Progress, a newspaper of general circulation published and circulated in the City of Glendale.

PASSED by the Board of Trustees of the City of Glendale this 26th day of August, 1920.

HARTLEY SHAW,
President of the Board of Trustees.
Attest: J. C. SHERER,
City Clerk of the City of Glendale.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES—SS.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that at a regular meeting of the Board of Trustees of the City of Glendale the foregoing Resolution was passed by said Board of Trustees by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.
Noes: None.
Absent: None.

WITNESS MY HAND this 26th day of August, 1920.

TRUSTEES' MEETING

(Continued from Page 1)

tomobile passenger service within the city limits. On motion of Trustee Henry permits were granted.

The City Clerk reported that no protests had been received against the widening of the alley in the Campbell & Thompson tract.

Demands were presented and referred to the Finance Committee. The Finance Committee reported them back approved and on motion of Trustee Stephenson warrants were ordered to be issued in payment of the same.

The City Manager presented a written communication calling attention of the board to the fact that the city now owns and operates in connection with the city's business ten automobiles and five trucks and that at least two additional automobiles and one more truck are needed at this time. In his opinion adequate facilities for housing and caring for these machines should be provided without delay. He recommended that by reason of the fact that the city has insured with the State Compensation Insurance Fund and has therefore made available for general city purposes the amount of $8,895.34 now in the insurance reserve fund, that this sum be appropriated for the purpose of constructing and equipping a municipal garage. He further recommended as adapted to these purposes the purchase of the six lots just north of and adjacent to the City Hall site, also the purchase of the lot immediately south of the transformer station on Glendale avenue, the latter to be used by the Public Service Deparment. The communication further stated that as it is probable that means can not be found to accomplish all that at the present time, the recommendations made be considered as a general plan for the improvements suggested. Referred to the committee of the whole.

The City Manager presented a communication accompanied by copies of correspondence between himself and the Superintendent of Distribution of the Southern California Edison Company in which the attention of the company was called to the necessity of having removed immediately the poles on Central avenue from which the high tension wires have been removed. On motion of Trustee Stephenson, the matter was referred to the City Attorney with instructions to take whatever steps in his judgment seems necessary to secure the removal of these poles at once.

A deed was presented to the board by W. F. Wood, conveying for street purposes a strip of land on the south side of Harvard street, east of the Childs Tract line. Referred to the City Attorney.

The City Attorney reported that the pipe line company desired that the date for the sale of franchise desired by that company be set forward to September 30, 1920, at 8 o'clock p. m. In accordance with this recommendation, a motion was made by Trustee Stephenson that the action of the board providing for the sale of a pipe franchise on October 7, 1920, be rescinded. Motion was then adopted that the sale of the franchise for laying pipe line on San Fernando Road be advertised and set for sale at 8 o'clock p. m., September 30, 1920.

The City Attorney reported that he had prepared an ordinance covering the subject of bonds for city employes. Action deferred. He reported that by recent decision of the Supreme Court municipally owned utilities are not subject to the control of the Railroad Commission.

The City Marshal presented the application of Mr. Myers for a permit to shoot vermin on his own premises, recommending that the same be granted. On motion of Trustee Stephenson, it was ordered that the permit be granted as recommended.

Trustee Stephenson made a motion which was duly seconded and adopted that the ordinance previously presented to the board fixing the tax rate for the current fiscal year be adopted as Ordinance No. 391.

Trustee Robinson moved the adoption of the plumbing ordinance as previously presented to the board and the same was adopted as Ordinance No. 393.

Trustee Robinson moved the adoption of the ordinance previously presented to the board regulating motion picture production establishments and the same was adopted as Ordinance No. 394.

Trustee Bartlett moved the adoption of an ordinance previously presented to the board, providing for a charter election and the same was adopted as Ordinance No. 395.

An ordinance granting a franchise to the Standard Oil Company for permission to cross a certain street with a spur track was, on motion of Trustee Henry, adopted as Ordinance No. 396.

Trustee Bartlett presented a resolution in regard to lot cleaning which was, on her motion, adopted as Resolution No. 1119, providing for lot cleaning.

Trustee Henry offered a resolution providing for lot cleaning which was, on motion, adopted as Resolution No. 1120.

The chairman stated that no protests had been received against the closing up of an alley in Tract No. 1680 and on motion of Trustee Stephenson, a resolution was adopted as Resolution No. 1121, providing for the closing up, vacation and abandonment for street and alley purposes of a certain alley in Tract No. 1680 as contemplated in Resolution of Intention No. 1100.

On motion of Trustee Bartlett the City Attorney was instructed to prepare ordinances providing for the opening of Patterson avenue, of Commercial street and of an alley in the Campbell & Thompson tract.

The City Attorney having prepared an ordinance in regard to bonds for city officials, the same was referred to the City Manager.

On motion of Trustee Stephenson the City Attorney was instructed to prepare an ordinance regulating the jitney business in the city of Glendale, requiring bonds to be furnished for the protection of passengers, covering the matter of licensing and operating said service in general.

On motion of Trustee Stephenson, it was ordered that when the board adjourn it be to meet in adjourned session at 2 o'clock p. m., Monday, August 30, 1920.

At 9 o'clock the board took a recess.

Upon the reassembling of the board, in the absence of the clerk, Trustee Stephenson was appointed clerk pro-tem.

On motion of Trustee Stephenson the City Clerk was ordered to advertise for bids to furnish the city one four-cylinder one-passenger automobile, one four-cylinder two-passenger automobile and one 1-ton truck. Bids to be received until 7:30 6'clock p. m., September 9, 1920.

On motion of Trustee Stephenson City Manager was directed to have placed on each side of all city automobiles in large letters, the words, "City of Glendale."

CALIFORNIA CONGRESSMAN

DEMANDS RELEASE OF PROMINENT KOREANS ARRESTED BY JAPANESE OFFICIALS IN SEOUL

(Special Service to Glendale Evening News)

SEOUL, Korea, via Tokio, Aug. 27.—Police stopped a meeting today which was being addressed by Congressman Hersman of California and asked Hersman to leave. The congressman refused to leave until prominent Koreans who had been arrested were released by the Japanese officials.

All stores were closed here today as a silent protest against Japanese rule.

BRITISH LABOR DEMANDS ACTION

INSISTS GOVERNMENT SHALL TAKE IMMEDIATE STEPS TO BRING PEACE TO POLAND AND RUSSIA

(Special Service to Glendale Evening News)

LONDON, Aug. 27.—British labor today was demanding that the government take immediate steps to bring about peace between Poland and Russia. Labor has taken the attitude that the government having forced the Russians to modify their armistice terms to Poland should now compel the Poles to accept the proposals.

According to unofficial reports, the Russians have lost nearly half of their effective fighting men in the Polish campaign, 80,000 prisoners being taken by the Poles and nearly 60,000 Russian soldiers being interned in East Prussia. Only sporadic fighting was continuing today.

EMBEZZLER AT LIBERTY

JOHNSTON OUT ON BAIL PENDING HEARING ON VALIDITY OF INDICTMENT AGAINST HIM

(Special Service to Glendale Evening News)

LOS ANGELES, Aug. 27.—Validity of the indictment charging Clyde Johnston, police court clerk, with embezzling $29,000 of the city funds, will be determined on September 3. Judge Willis today took the case under advisement after briefs were submitted by attorneys. Johnston is at liberty under $30,000 bail.

CLASSIFIED, CONTINUED FROM PAGE 8

Balloon School Bonds

The Los Angeles Chamber of Commerce is urging the people of the county to vote next Tuesday for the $95,000 bonds for the purchase of the site for the Arcadia Balloon School. Dr. Ford Carpenter is authority for the statement that air conditions and weather conditions are ideal for such a school at Arcadia. He urges that the school he retained in Southern California, not only for commercial reasons and defensive purposes, but because of the advantage to commercial aeronautics. Observations up to two and three miles are taken several times daily, giving airmen weather information that is available.

If Los Angeles County purchases the site and transfers it to the government, the school will be retained in this county, otherwise it will be removed.

Boy Scouts Eat Watermelon

After an interesting scout meeting Thursday evening at the home of Benjamin Robinson, 407 North Louise street, scout master of Troop No. 2, the scouts marched to the home of Mrs. Kalbaugh, at 525 West Doran street, where they were entertained by a huge watermelon feed. Mrs. Kalbaugh is the mother of a member of Troop No. 2. After eating watermelons to their fullest capacity, the boys had some pyramid building and scout plays, songs, yells and a general good time.

Life Is Co-operation

Our of this post-war prosperity strange things are coming to the world. One of these is the example to be observed in various places in this country of labor organizations venturing into active business and becoming employers of labor.

Yesterday it was the garment workers who had set aside enough of their savings to open factories and retail establishments to enter into active competition wih other concerns. Today it is the machinists who not only announce the purchase of various plants, but also claim to control a couple of sizable banks. Tomorrow may bring us even a more extensive venture into a field so recently regarded by all labor as the particular province of the thing known as "capital."

It is not unusual for men in this country to pass from the ranks of the employed to those of the employer, by means of money saved. It is the road most of our employers have traveled. But it is unusual for this step to be taken in concert by large bodies of workers. What the result will be in material success or failure probably will depend upon the quality of the management that workers enlist in their service. But whatever the result in that respect the workers and probably also their former employers will get one piece of information out of the experiment. That is the supreme value of co-operation. That, in fact, all life is co-operation.

By this we mean co-operation in the larger sense, and not merely the business of forming a stock company. The new employers will learn that no group or class of our people can set themselves aside and be sufficient unto themselves. If it takes all kinds of people to make a world, it none the less takes all kinds of co-operation to make the world worth-while.

The garment industry or the machine business could be organized conceivably, so as to dictate to all the rest of the world in that particular line. But inevitably such organization, if carried too far, would react upon the heads of the organizers. "Live and let live" is a piece of wisdom discovered a long time ago, and it is just as good now as the first time it was uttered. If you charge too much for your goods the other fellow will have to charge too much for his in order to be able to buy yours and nobody is benefited.

H. L. Segar is building a small addition to his residence at 437 Ivy street, doing the work himself.

The value of the bath tub as a civilizing agent deserves more attention from the would-be reformers.

Some profiteers are so sensitive that they would object to joining an association of burglars.
